THE 1935 CAMPANILE

•

IRWIN MORRIS
EDITOR-IN-CHIEF

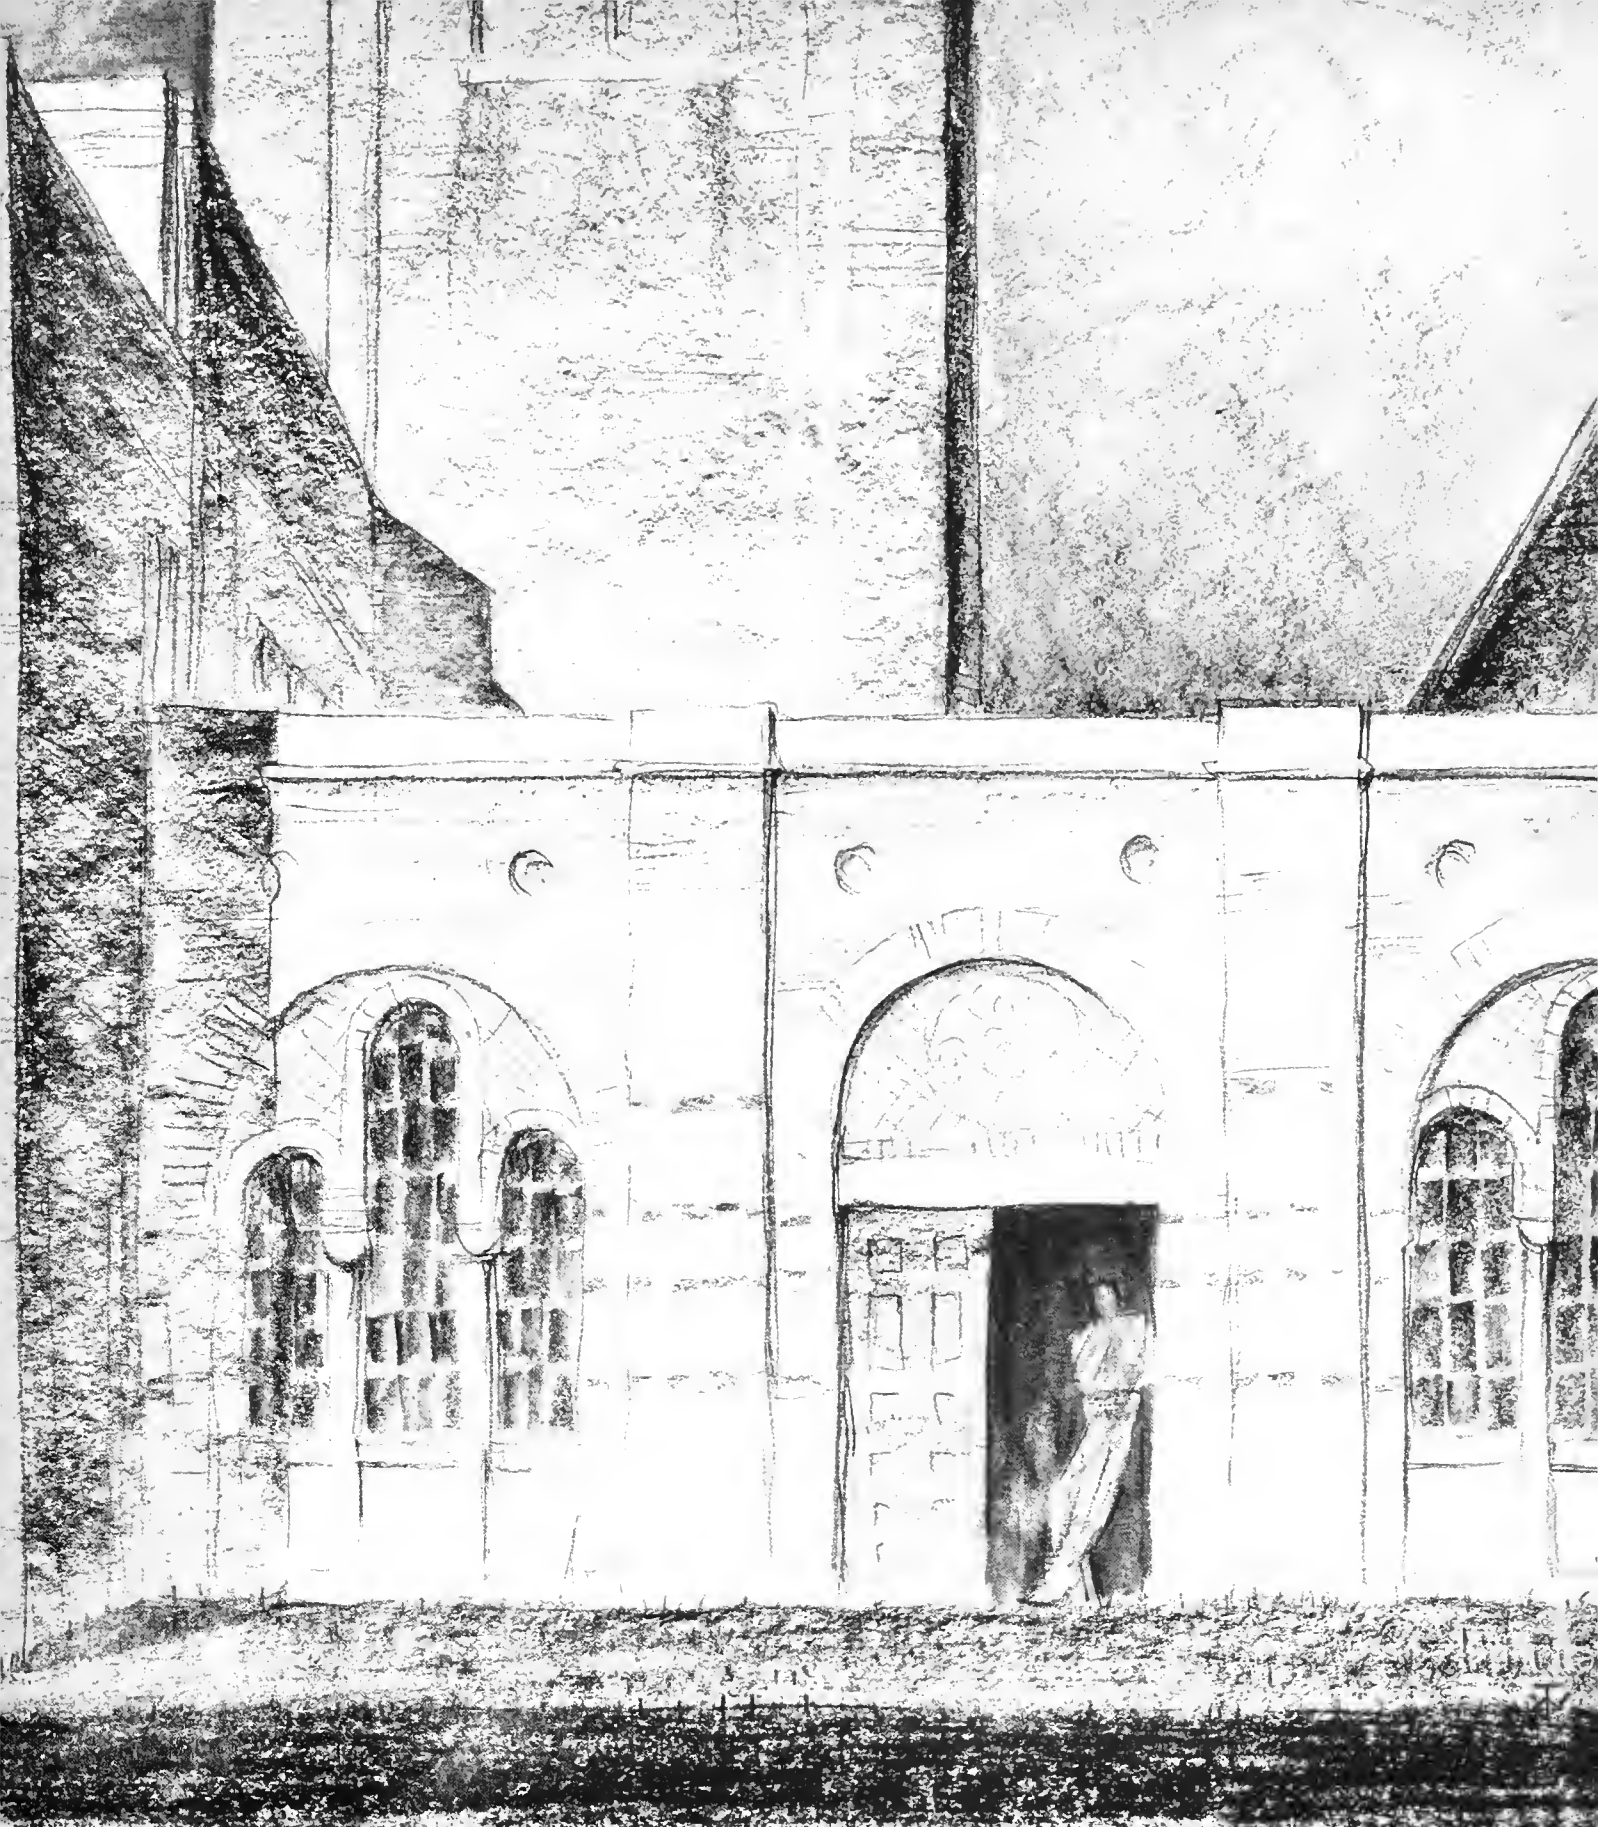

RAYMOND COOK
BUSINESS MANAGER

"Would but some winged Angel ere too late
Arrest the yet unfolded Roll of Fate,
And make the stern Recorder otherwise
Enregister, or quite obliterate!"

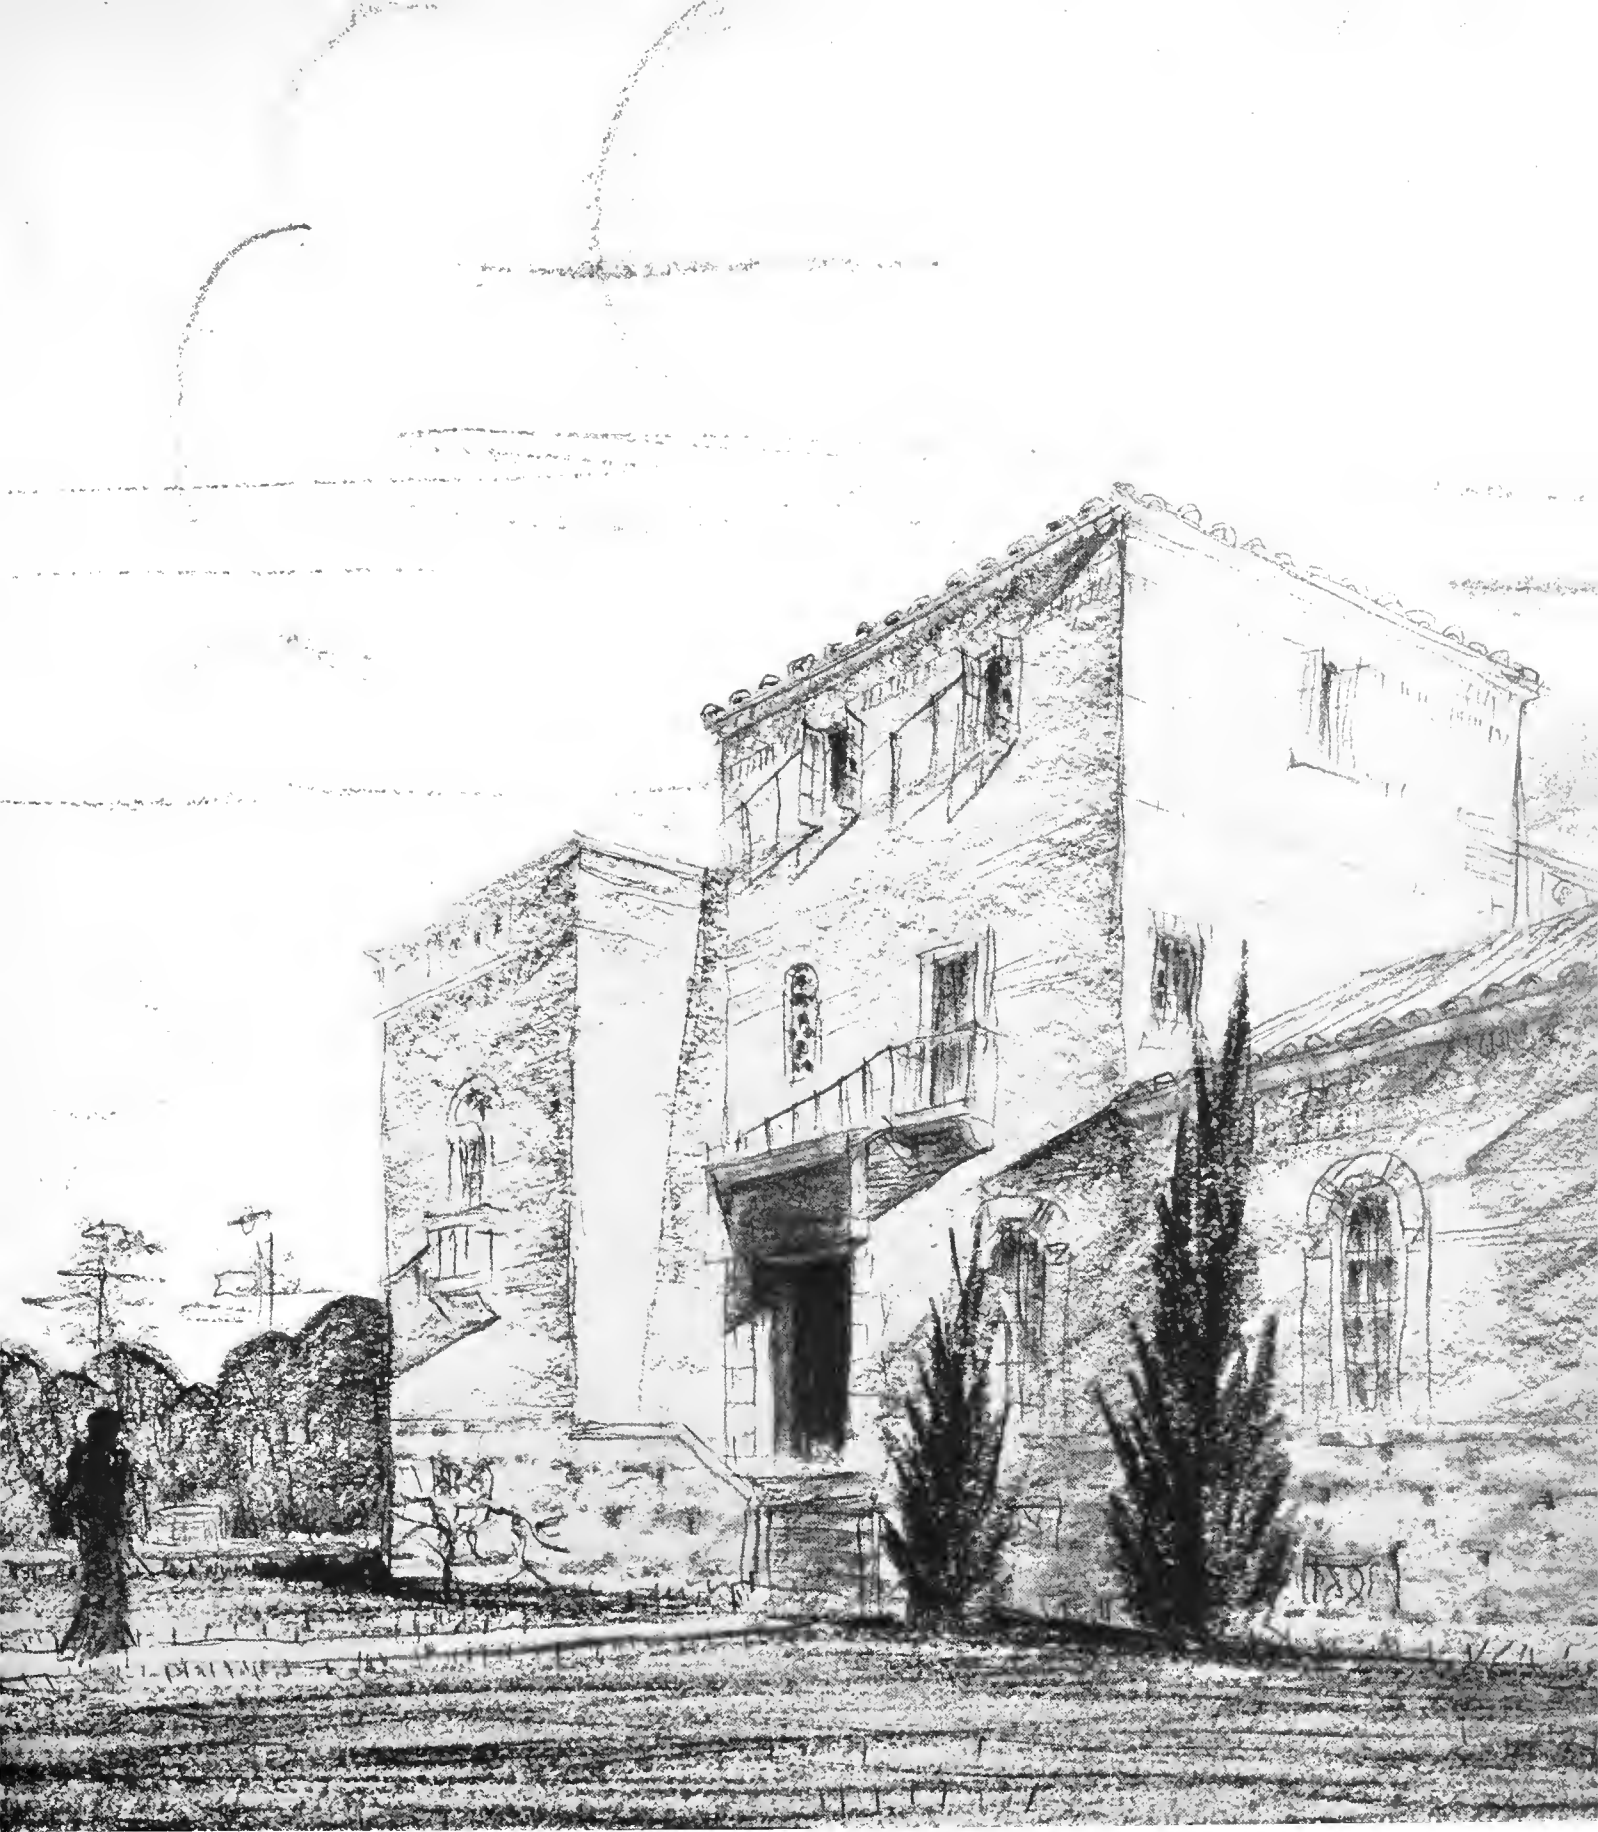

AMPHITHEATRE

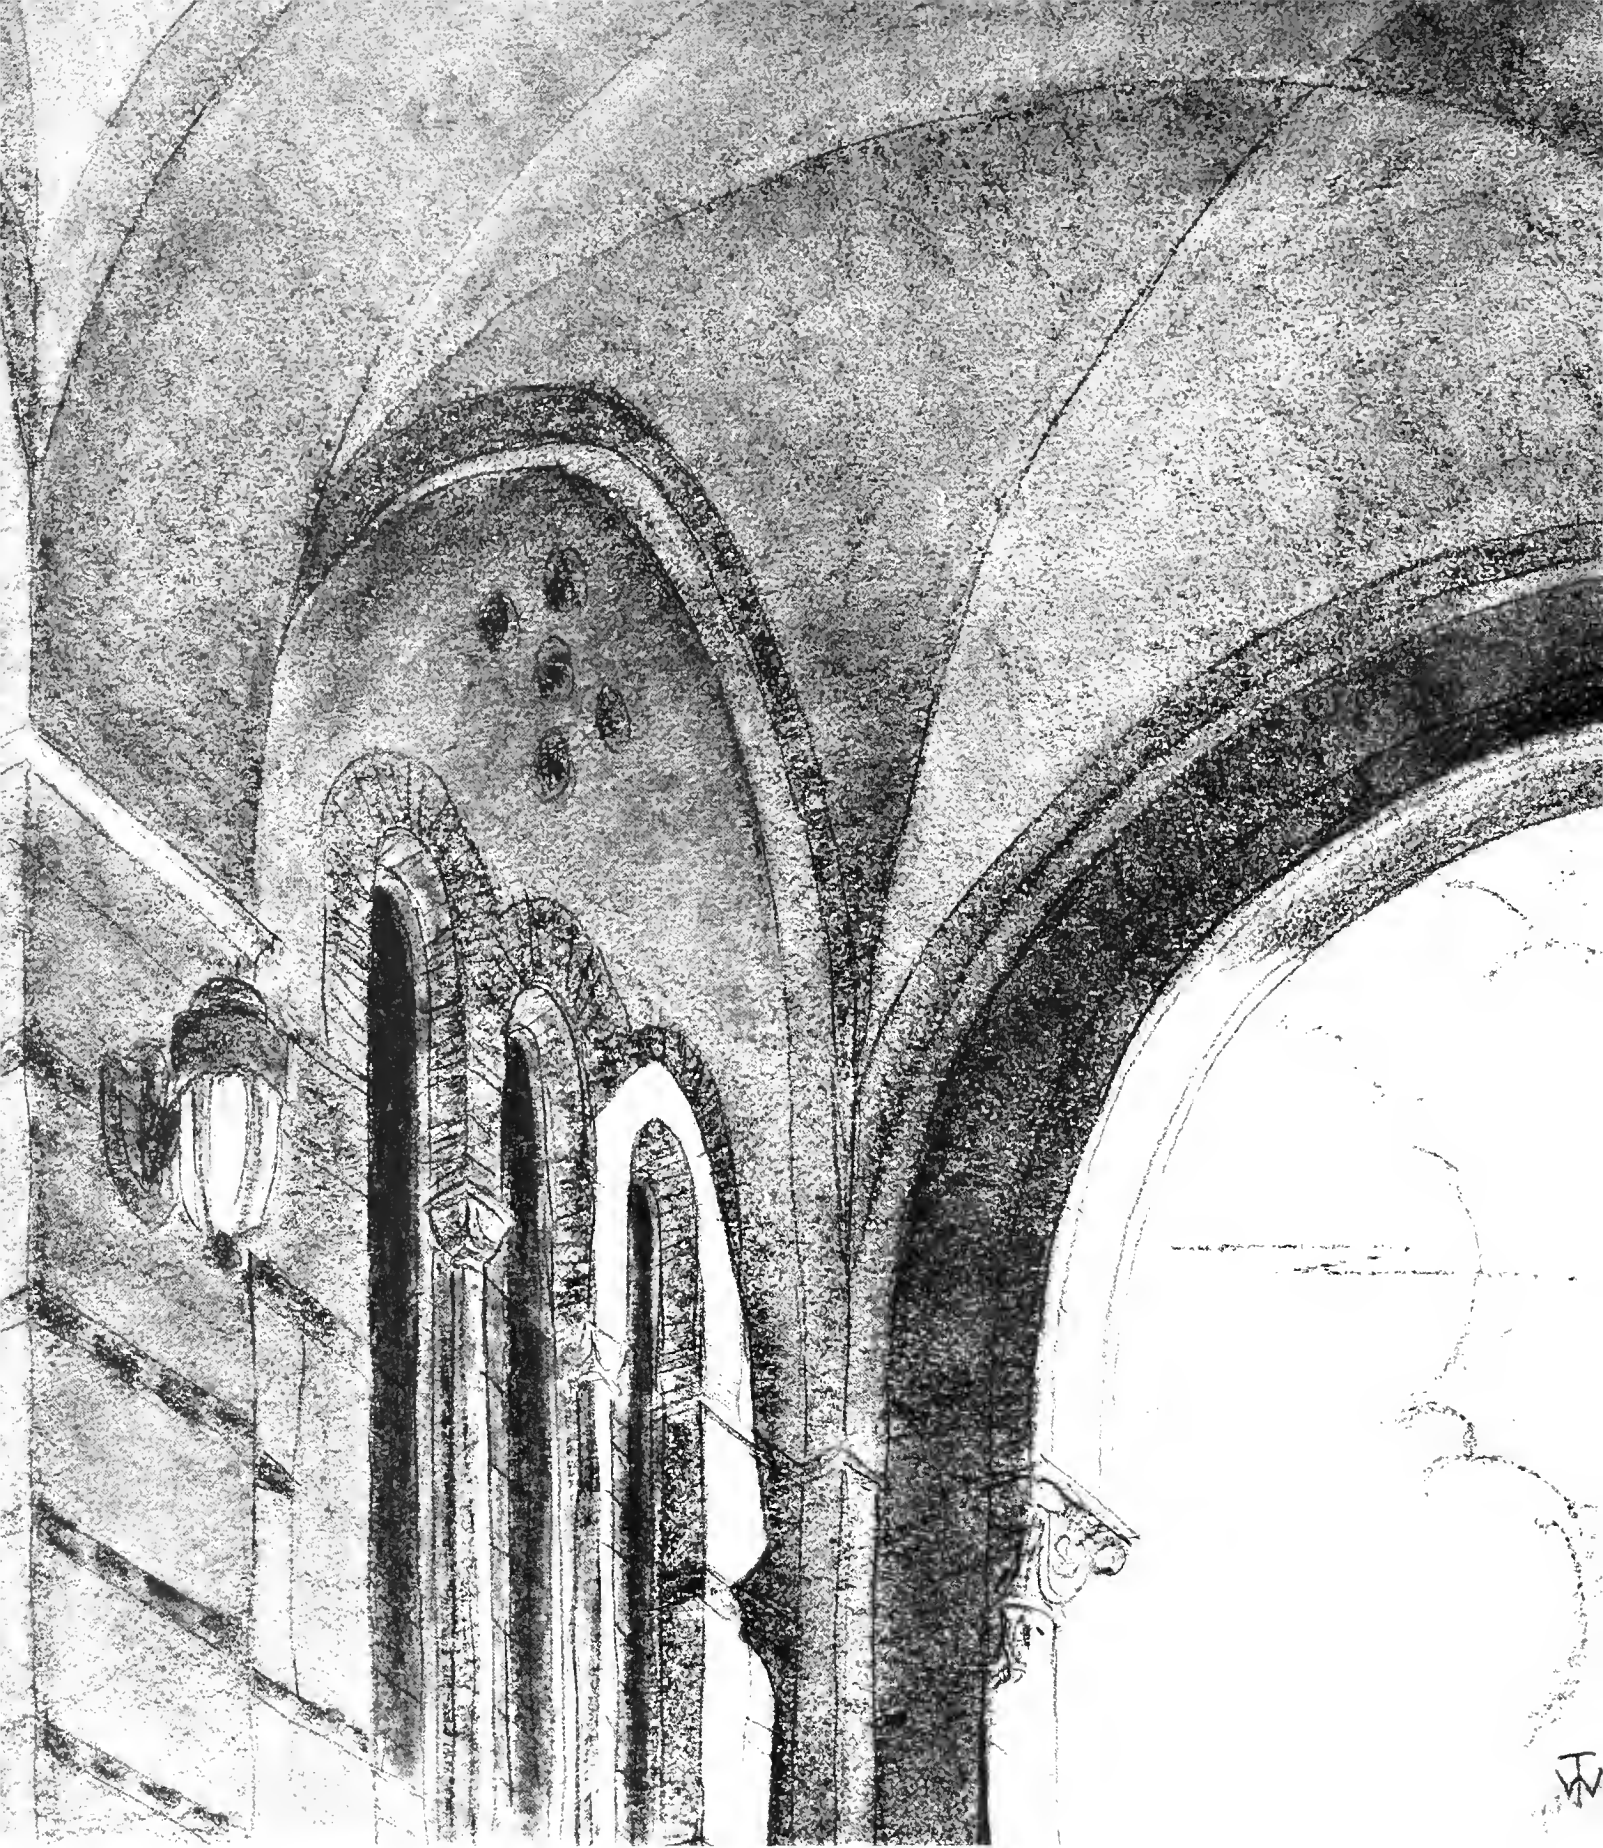

CAMPANILE

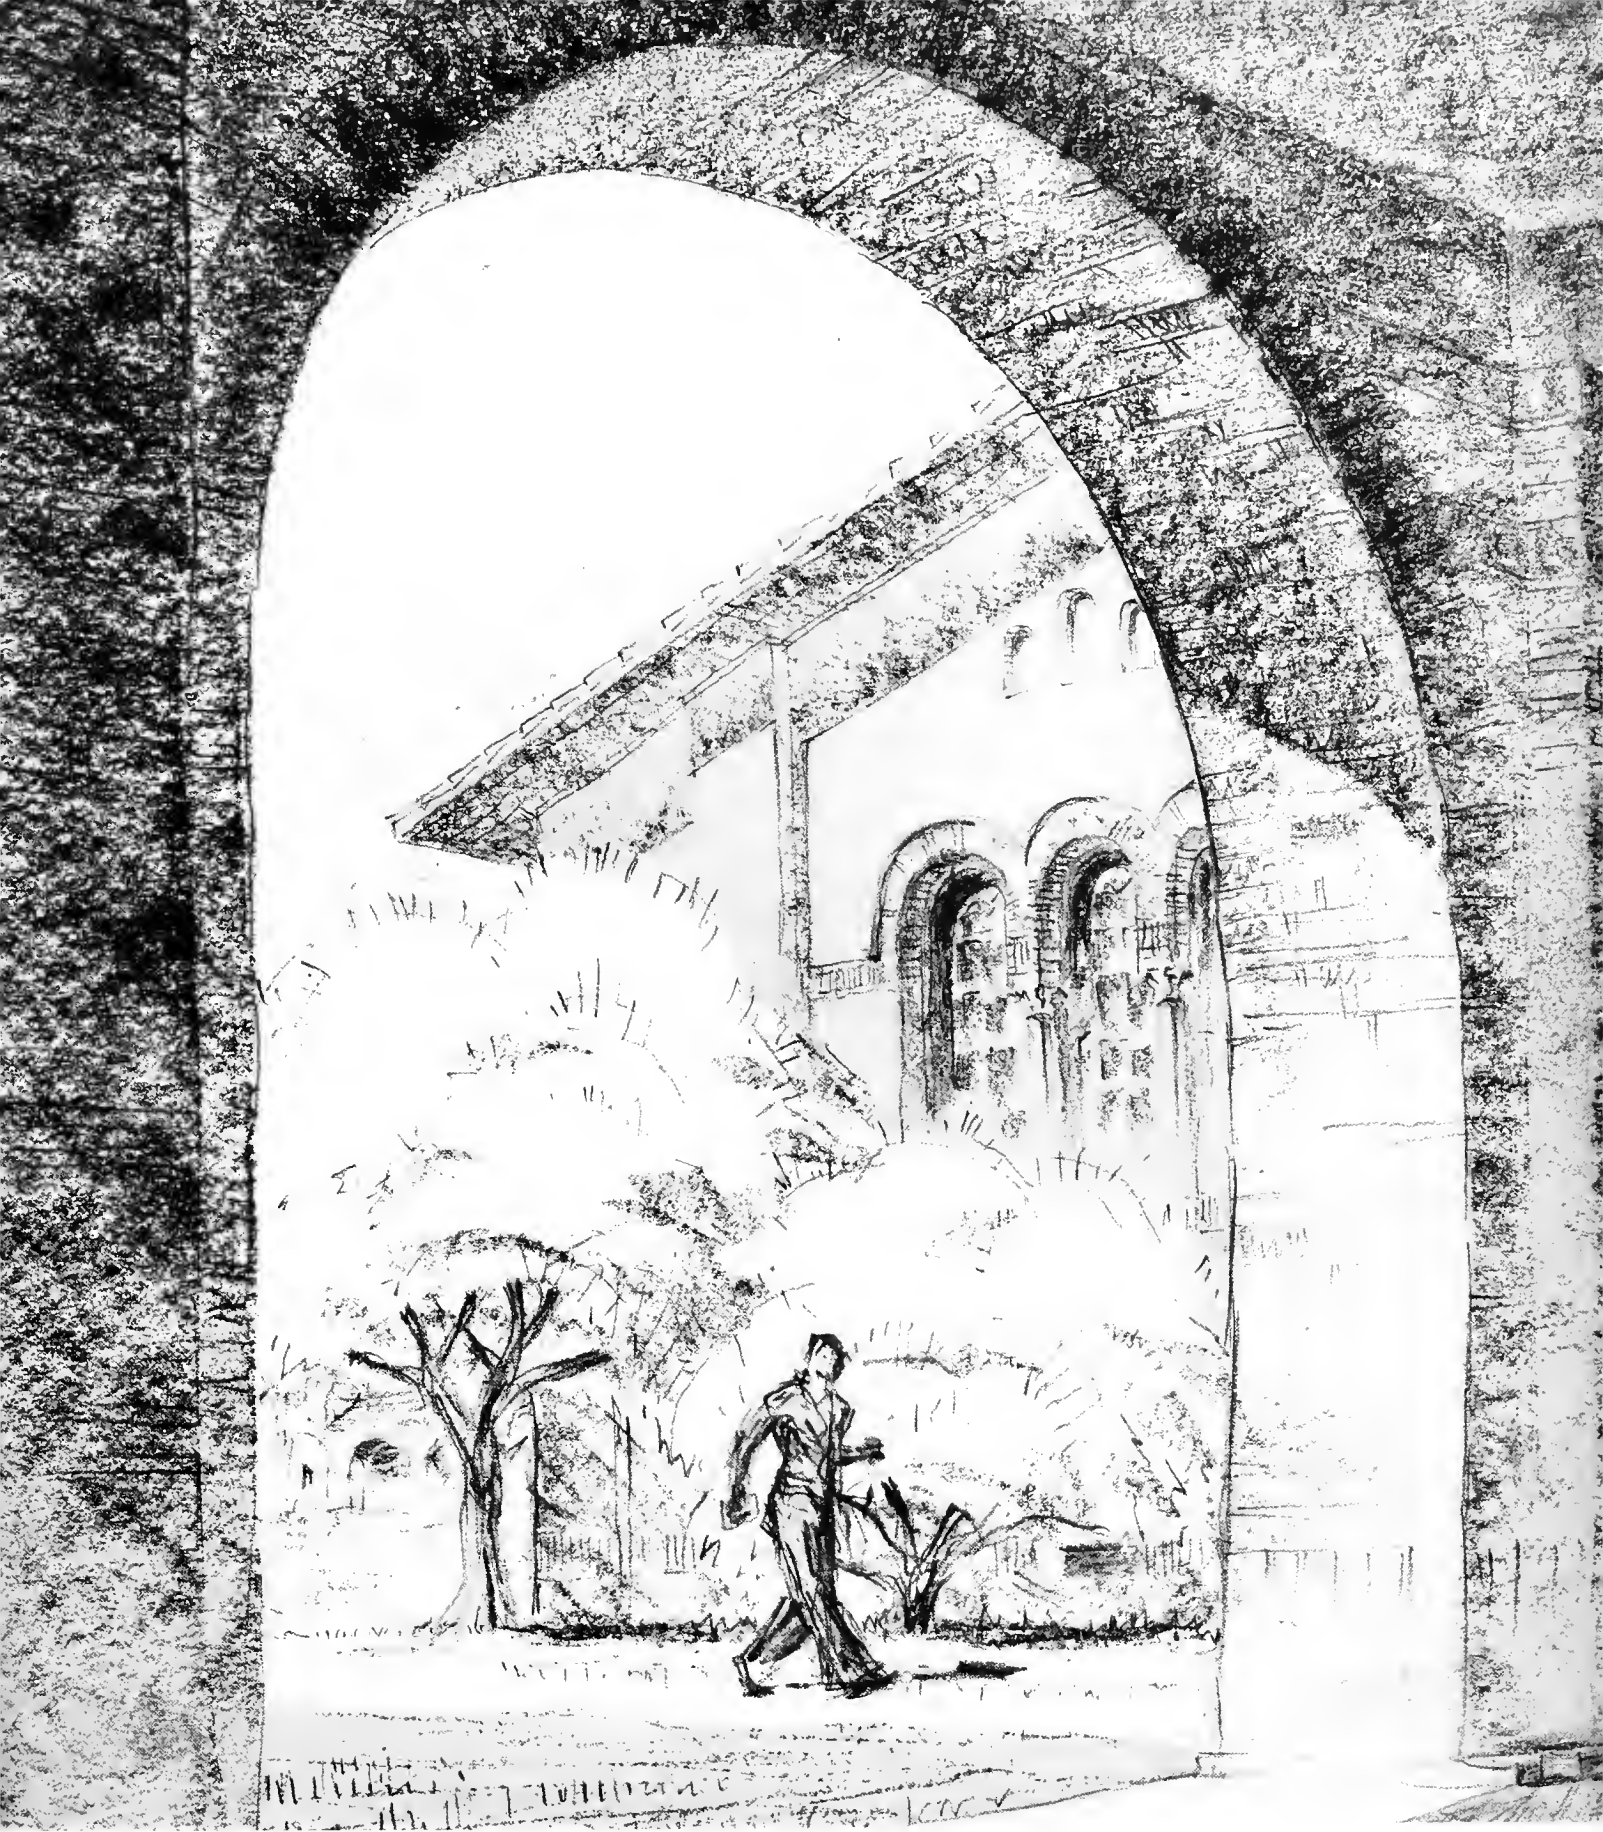

LECTURE HALL

COHEN HOUSE

SALLYPORT

COMMONS

Ah, Love! could thou and I with Fate conspire
To grasp this sorry Scheme of Things entire,
Would not we shatter it to bits—and then
Remould it nearer to the Heart's Desire!

VOL. 20. 1935.

Published by The Student's Association of Rice Institute.

Irwin Morris, Editor

Raymond A. Cook, Bus. Man.

Travis Redman, Phot.

John Cashman, Clay Work.

"The Ball no question makes of Ayes and Noes,
But Here or There as strikes the Player goes;
And He that toss'd you down into the Field,
He knows about it all—He knows—HE knows!"

Doctor and Saint, and heard great Argument
About it and about; but evermore
Came out by the same Door as in I went."

CLASSES

TO RICE NINETEEN THIRTY-FIVE

Ambition and intelligence of mind brought you to this institution. Industry and uprightness of character have kept you here. All four of them you will continue to need for satisfaction in work and distinction of achievement.

Of the next best qualities for your future, I should place in the front line fortitude, faith, and friendliness, that is to say, courage in the presence of physical danger or political problem or spiritual discipline; confidence in your judgment, your fellows, your country, and your religion; and kindness to men in all walks of life, and to horses and dogs, and their kind. And I am of course well aware that you have already had and met many an occasion for the exercise of the foregoing familiar virtues.

With respect to fortitude, you will recall that the Founder of the Rice Institute was a man of resolute fortitude. He believed with Pericles that the secret of happiness is freedom and the secret of freedom is a brave heart, and with Pindar that the fortunes of the world follow heroic souls. You will agree with all three. For my own part, I know of no mathematical formulae that have worn quite as well as these equations of Pindar and Pericles, and I earnestly pray that neither courage, nor freedom, nor happiness may ever fail the fortunes of the present foundation.

In the next place, faith is fundamental to all enterprises of the human spirit. It is the first word in the experience of human nature and in our day it is the last word in the science of external nature. When writing his preamble to legislation for ways of temperance and justice, Plato put following God first, while to Plotinus, love, beauty, joy, and worship were forever building, unbuilding, and rebuilding in each man's soul and in the soul of the whole world. Here again we come upon ancient formularies that are independent of place or period. Their tenets are therefore timeless, and thus always timely. Their perennial revival restores passion for living and awakens anew its energies of love and hope and of faith in the future of man.

And what shall I say of friendliness? Only this. Some time ago I said to undergraduates that in the long run the forces of the universe are friendly to us, and the saying is as true as anything the Bellman said thrice. The beneficent agencies throughout the ages have been winning out over the malevolent ones, otherwise we should hardly be here. And next to the love of God and of the family circle, I have encountered nothing on the personal side more constant than the love of a man for his friend. I shall remember while the light lives yet, and in the darkness I shall not forget, said one of them. That, I should very much like to think, is the measure of our loyalty to the graduates of this institution and of their loyalty to Rice, and I trust that from time to time you of nineteen thirty-five may give the Trustees and Faculty not only opportunity to validate their share therein but also occasion to rejoice in your own. So long as these enduring loyalties shall last, so long shall love of learning illumine this house and our sons and daughters pursue it.

—EDGAR ODELL LOVETT.

And sold my Reputation for a Song."

ORGANIZATIONS

THE ELIZABETH BALDWIN LITERARY SOCIETY

This, the oldest of the Literary Societies, has been fighting a fierce though consistent battle with its younger rivals for the girls "who matter." It still maintains a certain prestige in the face of increasing numbers of interesting freshmen.

The society maintained its annual scholarship at the Institute. It expressed itself socially in successful annual dance with the Pre-Medical Society, picnics, and dances at private homes and at the bay; and also a party at Sui Jen and one at the Junior League. Other activities included a spirited if unsuccessful basketball game with the P. A. L. S., and a well-run and successful electioneering machine. Oh, and the books reviewed this year were modern novels.

THE PALLAS ATHENA LITERARY SOCIETY

The literary program for the year was the "study of contemporary humorists," but anyway the society got twelve of the campus' most "eligible" girls.

The annual dance with the Pre-Laws provided the novel amusement of finding a strange place, twelve miles from town in a blinding rainstorm. But enough people got there for the young woman of scholarship, personality, and physical vigor to get her scholarship as before.

An outstanding P. A. L. success of the year was athletic, as both E. B. L. S. and O. W. L. S. went down in defeat in basketball. However, the greatest success came with the Mayfete election with freshman and senior duchesses, a princess and ten maids. Ah, triumph!

THE OWEN WISTER LITERARY SOCIETY

The O. W. L. S. had a "very good year," etc. The literary justification this year was an "intensive study of the modern drama" even to the extent of several entertaining faculty speakers. Also, the usual library fund. The practical justification was the highly useful Student Directory. The social justifications included the fall formal with the Band, formal Spring affair for the seniors, the Queen and Junior Duchess of the Mayfete, Cotton Ball Representative, and other minor triumphs. The athletic justification included the National Intercollegiate Tennis Champion and an "excellent" basketball team which played one game and lost one game. The society pledged "some of the most outstanding girls on the campus."

THE DRAMATIC CLUB

Nineteen thirty-five finds the Dramatic Club more simply and appropriately settled in Autry House, owning the necessary accessories comfortably provided with capital by faithful patrons, supplied with hard-working underclassmen, abundant directors, and a Mayking President.

Professedly it has been built on the sound theory of the experimental theatre, working modestly toward an original dramatic expression before a permanent audience, avoiding both "Little-Theatre" plays and collegiate drawing cards, actually, however, with "Camille" treated in a light manner and "Dover Road" produced for the sake of larger audiences, its best productions are the workshop plays and the annual One-Act Play Contest.

The Y. W. C. A. unofficially seeks a program comprising the local elements of the (Literary) societies, the histrionics of the Dramatic Club, the athletics of the Tennis Club, plus religious aims. The results are remarkable.

The club this year based its programs on the intellectual interests of its members. The result was a series of thought provoking discussions, as the philosophy of religion, and personality of religion, and inter-social problems.

The annual fall Y. W. C. A. and Y. M. C. A. conference was held this year at the Institute, the spring conference including Rice delegates at A. & M.

In February, Rice Y. W. C. A. group was hostess to the World's Student Christian Federation Conference, at which twenty-two colleges were represented, and the subject was "Peace and War."

THE PRE-LAW SOCIETY

The Pre-Law Society is primarily for future legal lights, but accepts as members students with ambition, if the aspirants have enough character, i.e., personality. It meets twice a week to hear local lawyers and business men speak on important legal and social problems, thus forming for its members contacts which are a help for the present and a hope for the future.

Finances of the club are obtained by the services of members as ushers at the Open Forum, unless everyone happens to have a date that night.

The social activities of the club consist principally of the dance given with the Pallas Athene Literary Society (the Pals), and such dances are generally "good" (in the social sense). Also the senior members are given a Final Banquet at the end of the school year. This is the club responsible for the occasional appearance of woeful-looking boys wearing sacks and carrying lamps about the campus—the pledges.

"The high standard of membership maintained throughout the twelve years of its existence on the Rice campus has marked the Pre-Law Society as one of the leading men's clubs at Rice."

The stated purpose of the Engineering Society is that of "organizing students who have a common interest in the engineering world" and of introducing engineering students to their graduate and disillusioned brothers. The incidental purpose of the society is to organize the reviled engineers for counsel and defense against the Sally Port Set, officially the "Academic students!"

The society boasts of the first formal dance of the year, which is, therefore, very formal, and a Beach Party in the spring, of which the same cannot be said. A banquet is put on at the end of the year with the attendant horrors of an initiation.

The very real and worthwhile achievements of this society are the Biennial Engineering Shows, of which the next will be the ninth. This activity, the most consequential of any campus society's, more than justifies the existence of the organization and brings credit to and appreciation of the Institute.

RALLY CLUB

The Rally Club is the most sought after club on the campus—by the students for membership, by the faculty for annihilation.

The popularity of the club springs from the same source as its unpopularity; namely, its social activities. Originally founded for service to the school, its function is now more truly social. Hence membership carries a social prestige (and administration outlawry). The members usher with remarkable efficiency football and basketball games. The training thus gained, however, is not nearly so valuable as the political sagacity acquired in the vote-getting, etc., of the interclub machines.

The outstanding feature of the Rally Club is its clocklike efficiency in putting on parties—more accurately known as brawls. These affairs express in our poor way the conception of college life perpetuated by the Eastern college magazines. Too much administration disapproval is allayed by an occasional "formal" banquet, at which administration officers are admitted and for which members, with Spartan self-denial, remain sober.

The best points of the club are the widely varied abilities of its membership and its frank and cheerful pursuance of its pleasures of whatever nature and with whatever faculty repercussions.

THE BAND

The band news item of the year was the acquisition of new uniforms. Although followed by the usual remarks about monkey suits, etc.—the improvement was substantial. The drum major's costume is a joy to behold.

Trips were made to, and most of the band played at, Arkansas A. & M., and Baylor.

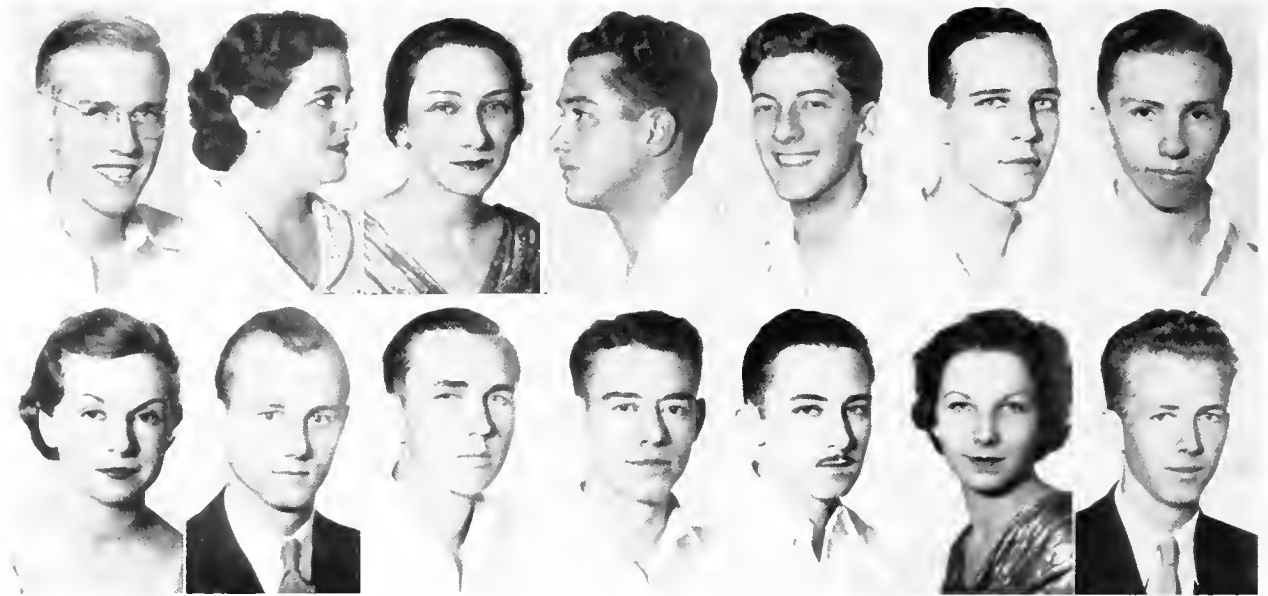

The band took part in a number of extra campus affairs this year. It won the Houston Jubilee award, and played for several city functions.

As usual, it teamed with the O. W. L. S. in their dance (the OWLS made their scholarship and the Band was left in debt) and presented a Spring Concert at Miller Memorial.

For the first time an award—the C. F. Montgomery award—was made to the best "all around" band member.

The band claims a successful year and except for a few marches at the basketball games, the school agrees.

THE BALL CELTICA

The Ball this year had the distinction of introducing the Campanile beauties, and this was effectively done by means of a pageant in which each of the beauties was a Princess of an ancient kingdom. An array of beauty displayed to such advantage is seldom seen. Perhaps that is why there was no one on the door for an hour and a half, and during that time the dance was quite unintentionally and completely open to the public.

The decorations represented very adequately a scene which might well have been of the Celtic period. Giant trees and rocks placed about made a stockade of the dance floor, while skulls and bones (of starved Celtic architects?) added the gruesome touch. A caricature bust of a god bearing some resemblance to the Dean was placed with appropriateness near the altar of sacrifice.

The costumes, both of the members of the pageant and of the dancers, were very effective, displaying all the gay colors, gold tunics, armor and sandals ranging from that of Roman soldier to the Celtic peasant.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

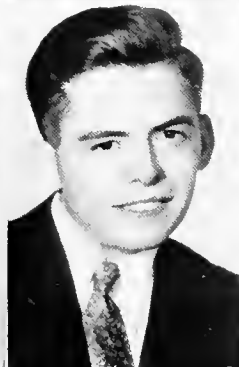

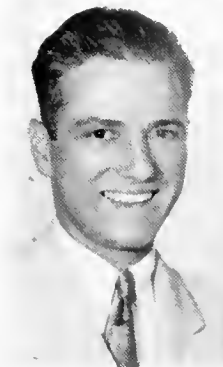

Adams
Dodd

Greer
Hander

Hilderbrandt
Mau

Weaver
Wood

This is an association of and for Men of Mind. The purpose of the organization as a whole is "to maintain the standards of the electrical engineering profession, and to advance the interest of the individual engineer" to the point of getting him a job.

The Rice Branch held an annual meeting with the A. & M. Branch and the Houston Branch for the competitive presentation of technical papers. A prize was offered by the Houston section and was won this year by a Rice student. There was also a district convention in Oklahoma City in April to which Rice representatives went and presented papers in competition with other colleges throughout the country.

The organization let down for a beach party in the late spring.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

The A. S. M. E. (American Society of Mechanical Engineers) is another group, whose purpose is to give its members a glimpse of their chosen profession outside academic halls. This purpose is sought by association with practicing engineers, the preparation of technical papers, joint meetings with other groups, and inspection trips through plants.

A Rice member upheld the Institute's name by winning a first prize with his paper over A. & M. and Texas at a joint meet here. Thus well received, the paper was entered at the Southwest Student Conference at Dallas and won a similar recognition this time over eleven representatives of six other schools.

The club as a whole heard important speakers of the profession; saw moving pictures of mechanical engineering work; and made trips to U.S.S. Houston, Burlington's Zephyr and local refineries.

"Strictly business" in atmosphere, the club is another argument that a societyless club can be successful.

PRE-MEDICAL SOCIETY

Although both might reasonably resent the implications, the Pre-Meds fill in their field a position analagous to the Pre-Laws. The chief difference is that the Pre-Med membership is more strictly composed of future doctors since one who intends in callow college years to be a lawyer may reform himself into almost anything, but a second or third year pre-Med has taken the awful step.

The purposes are obviously to bind together kindred souls and then inform them, by means of bi-weekly addresses by Houston doctors, just what the future holds for them, professionally.

The club has the advantage of knowing what chemicals won't rub off; so its pledges are fairly well distinguishable after the dreaded initiation night. After the effects have worn off, the pledges are invited to forgive if not forget all at a banquet.

The Society claims a successful year under the sponsorship of Dr. F. A. "Psycho" Pattie. The annual banquet was held on December 18, at the Rice, and the much heralded dance with the EBLs on April 27, at River Oaks.

CRANMER CLUB

The Cranmer Club was a spasmodic institution this year, not so large that it had to keep "surging on" when it didn't want to. Informal discussions were conducted during Lent in Mr. Charles Sumners' apartment, several picnics were held at Camp Allen, and a corporate Communion and breakfast in Autry House was held on the first Sunday in each month. The club was host to the annual College Student Council for a week-end in February. No retreats.

PHYSICAL EDUCATION SOCIETY

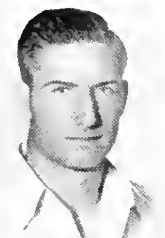

Arthur
Bale

Brothers
Eaton

Fouke
Kivell

Lagow
Mays

Metzler
Scott

Treshwig
Wallace

Under the somewhat ominous purpose of the "professional advancement of all phases of physical health," this association bands together the P. E. students to destroy persecution complexes and raise P. E. self-esteem. A newly organized group, the association suffers from the Rice tradition of campus indifference, though it may well have a useful future if the desired alumni-student cooperation is brought about.

The association is open to P. E. juniors and above. It meets once during the first fifteen days of December, June, and April, and during the last fifteen of May, and expresses its virile and non-social purposefulness by refusing to sponsor or become involved in social affairs.

DEBATING CLUB

The best thing about the Debating Club is that various members occasionally bring credit to the Institute by winning from well known universities. The next best thing about the Debating Club is that the members in general refuse to take their interest too seriously. Important wins of the year have been over L. S. U., U. of S. C., Florida, Centenary, and Leland Stanford. They lost to A. & M. and Baylor. The club participated with fair success in the Baylor Debate Tournament, and put on a radio debate in Houston with S. M. U. Naturally small and unnaturally informal, this club gathers much from the association of the faculty advisor, J. D. Thomas. In spite of some administration impatience over doubtful publicity to Rice, the club maintained a successful year.

ACTIVITIES

MAY FETE 1934

Turquoise-gowned Senior Duchess, Lois Schwartz, and her maids, Tallichet, Heyck, Ragan, Freeman, Hedrick, Slimpin, McNeir, and Cavitt.

The Queen, Lenoir Bowen, gowned in white and carrying orchids and Killarney roses, is crowned by King Lauterbach on the steps of the Spanish Throne.

Their Majesties: King Richard of the House of Lauterbach, and Queen Lenoir of the House of Bowen.

Junior Duchess Roberta Woods and her court, gowned in yellow, pose informally: Neathery, Bender, Patton, Worrall, Woods, Sullivan, Cooke, Quin, and Cammack.

Sophomore Court grouped around the Duchess Nanine Ferris, in green. The maids are: Allen, Crain, Calhoun, Barnes, Boyd, Wright, Malloy, and McKinney.

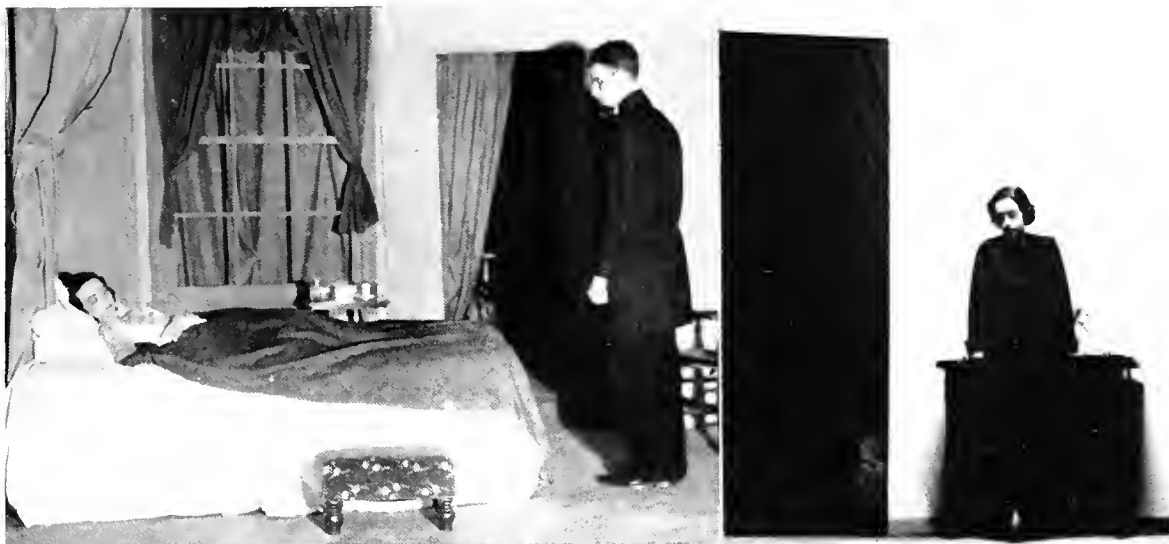

Princesses Tuttle and Hutcheson approach the Throne, amused by the clever antics of jesters, Hall and Mumert.

Freshman Duchess Mary Jane Hale was attended by maids Hardy, Nitze, Horne, Weiser, Brogdon, Baldwin, Davis, and Triplett.

Announcer, John Cook; music, Torres' string ensemble; dancing, Pritchard's gauzy dancers.

DRAMATICS 1934

CAMILLE, presented at Autry House on November 26 and 27, under the direction of Moyne Morrison Given. Cast: Jane Cannafax, Paul Farren, Burke Haymes, Marjorie Nitze, Marion Ferrin, Ann Dohoney, Edwin House, Audrey Moody, Randall Brooks, Card Elliott, and Robert Rick. Sets were executed by James Thomas and Mattie Armstrong.

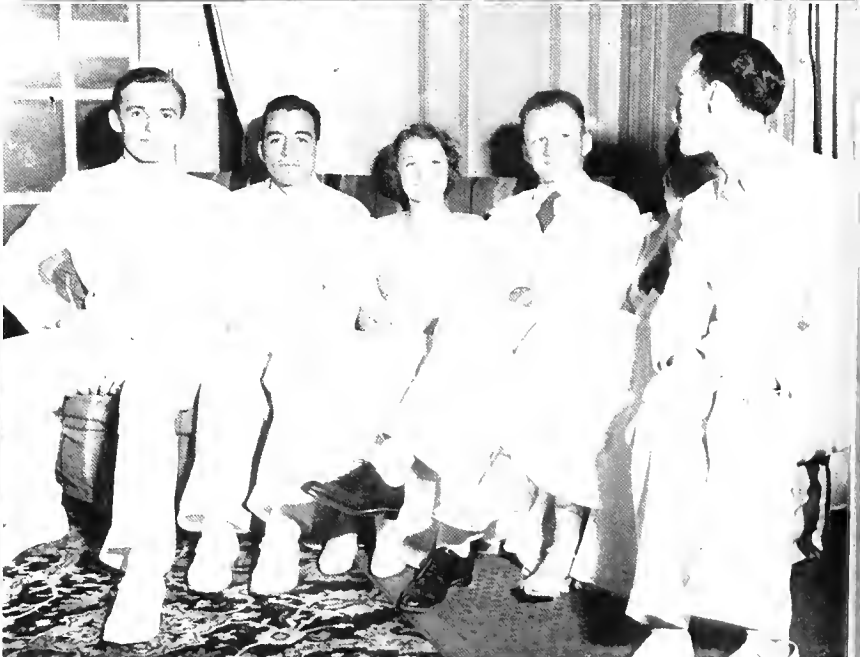

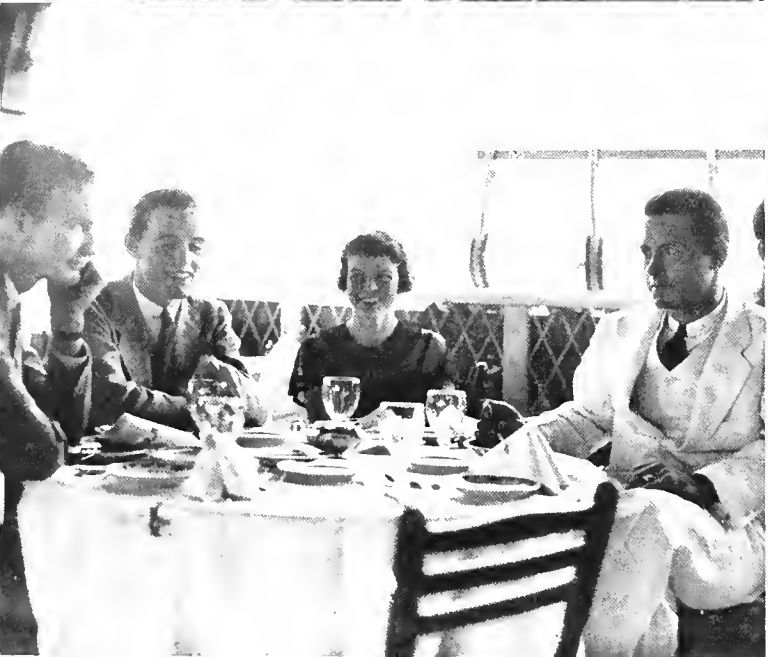

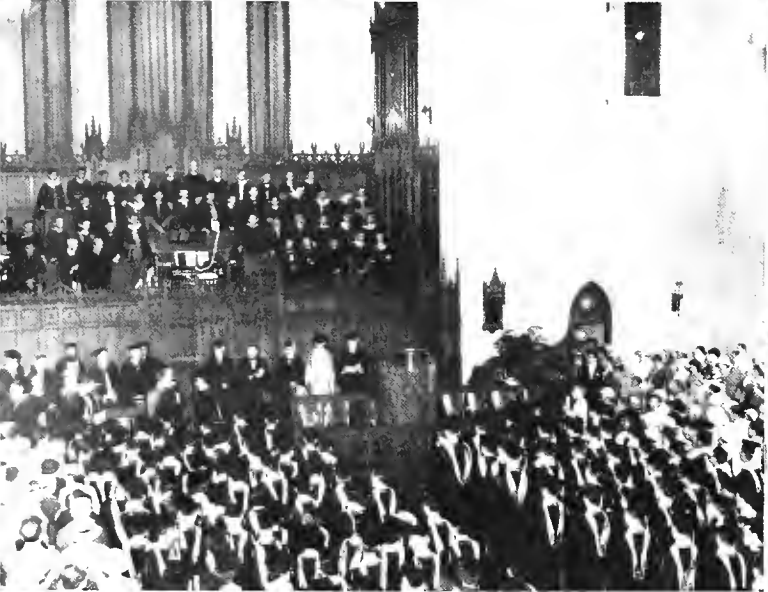

The annual One Act Play Contest was held at Autry House on March 4, with an original play, WOODEN LIONS, by Ullman Kilgore winning the first award. The cast included Zelda Keeper, King Sullivan and Ted Dwyer. The Fletcher Award for the best individual actress went to Ann Dohoney who appeared in Sigrid. Paul Ferren was named the best actor. Judges of the contest were: Chillman, Delevanti, Williams, and Mrs. Bourgoyne.

The Dramatic Club presented A DOVER ROAD at the Autry House on May 10, 11, 12. Directed by Renee Bourgoyne, the cast included: Robert Clemens, Frances Park, Ruth Pilkington, Randall Brooks, Jack Horton, Ann Dohoney, Edwin House, Dorothy Nagel, and Edwin McClanahan. The sets were designed by James Thomas, and properties were handled by Mattie Armstrong and Marjorie Nitze.

THE COMMENCEMENT 1934

BACCALAUREATE. In the traditional cool morning fragrance of commencement jasmines, Chicago University's chapel dean, Dr. Charles Whiting Gilkey, delivered a fresh and meaningful baccalaureate sermon. His sympathetic and experienced guidance of the graduating class through the "student door to religion" remained the high point of the formal commencement ceremonies.

Sunday, June 3.

COMMENCEMENT. Sudden showers forced a helpless commencement body to assemble at St. Paul's Methodist, late, ill-arranged, irritable, and apprehensive of the tedious ceremony. Following Dr. Gilkey's convening prayer, Dr. John Campbell Merriam, paleontologist, and president of Carnegie Institute, lamented over national politics, and then read at length sincere but general comments on "The Inquiring Mind of the Changing World." Thereupon, diplomas were awarded, in confused order, due to unfortunate lack of facilities caused by inclement weather, to two hundred and fifty-four Bachelors, nine Masters, and five Doctors. After final announcements of scholarship awards, the assembly dispersed.

Monday, June 4.

SENIOR AMERICAN. The piano runs of Herbie Kay's orchestra set the Senior Class off to a morning cruise on the Rice-Roof-turned-steam-deck. The breezy dancing and

scanty lunch was followed by an afternoon swim at River Oaks. Chairman Donoghue; committee, Talley, Alter, Hannon, Graf, and Perlitz arranged this, the first affair of the frivolous series.

Saturday, June 2.

SENIOR BANQUET. To prepare for the strenuous week-end, the Senior Class and its Administration guests, exclusively, and almost quietly, fell to a grand feast at the Rice Hotel. Official business included permanent election of officers, Geiselman, Christian, and Ryman, and speeches by Axson, Weiser, and McCann. Chairman Higginbotham; committee, Lacy, Wilkins, Vinson, and Quinn, were responsible.

Saturday, June 2.

GARDEN PARTY. President Lovett, Mrs. W. Browne Baker subbing for Mrs. Lovett, and the class officers presided in the Academic Court over the President's annual garden party for seniors and their families.

Monday, June 4.

SENIOR FINAL. With diplomas in pocket, inhibitions gone, the Class of '34 put a flashy and forceful end to its activities. Shannon played until 12, then after much food and a new start, Herbie Kay, down from the roof, finished it. Chairman, Cook; committee, Zenor, Bowen, Webster, Dionne, Cook, Aleo, Calvin, Shannon, Lewis, and Wall-LeBarge were in charge.

Monday, June 4.

THE SOPHOMORE SHIPWRECK PARTY

Rather clumsily rough, but interesting, the Sophomore affair succeeded in being one whose motif was thoroughly carried out in the costumes and atmosphere. Following immediately the February Exams, the occasion was one for reaction and recreation after intensive cramming and some study. This dance also followed in time, place, and procedure a Rally Club "evening," and so little else need be said about its nature except that clothes were again conspicuous by their absence, and a good—no—enjoyable time was had by all.

The River Oaks ballroom represented, for the occasion, a desert island. A backdrop of an old shipwrecked vessel and various palms supplied adequate decoration, but the abandoned atmosphere was furnished best by the conduct of those present. Just to put everyone in the right frame of mind, a heavy rain and thunderstorm broke just before the hour of the dance. Whether this gratuitous background was part of the arranged program or not, it added to the spirit of the occasion, though the amount of spirits was quite sufficient without Providential aid.

Jimmie Scott and his campus band furnished the music, and this was about the only thing that was quite normal about the entire evening.

THE JUNIOR PROM

Apprehensive to the extent of sending for Jimmy Scott and his band, and then no doubt unbalanced by the twenty-past-eleven arrival of Jacques Renard and his unfed, ill-dressed orchestra, the Junior Prom finally unbent its classic boredom and abandoned itself to a pleasant evening at the Houston Club, March 1.

The musicians, however, once fed and filled, gave their novelties a clever jiggle, their dance tunes a late-hour smoothness; the dancers supplied geniality and more expression than the above photograph would suggest; private grill parties offered their spirits; the Houston Club offered its proper and graceful ballroom-lounge, and filled in with the usual olives and tuna-chicken salad lunch.

SATURDAY NIGHT DANCES

The answer to the Saturday night date entertainment question was this year successful as never before. Although the attendance was at times made up more of Texas, A. & M., and even S. M. U. visitors, than Rice "students," this attendance was throughout the year socially enjoyable and financially gratifying.

A number of elements induced this success. First, with the help of an attractive girl singer, a "silver-voiced tenor," and the Vidrine-tuba, Illis-violin combination, Jimmie Scott and company produced some of the best music that has come out of local horns recently. Secondly, the University Club was redecorated at New Year, and after the Rice-Texas crush, the band sported new suits. Thirdly, a four for three or eight for five financial policy, and finally and far from least, the active and intelligent work of the committee.

The result was highly successful for Rice society in general and Rice seniors in particular. The morgue-like atmosphere of former years has been broken away and a tradition of success has been started.

THE COMMITTEE

HARRY JOURNEY PRESIDENT OF THE STUDENT ASSOCIATION

RALEIGH WHITE PRESIDENT OF THE SENIOR CLASS

WILLIAM LAWSON MEMBER-AT-LARGE, STUDENT COUNCIL

THE CALENDAR

(Compiled from Thresher News)

Sept. 13. President Lovett predicts Rice is "going from well to better, yearly self-sur-past." 400 enroll, 150 go on relief. Friends of Rice, Kitts, the Owls at once take stage.

Sept. 21. President Lovett tells Frosh why they are matriculating. Loyola. Clubs again plan "banner year." Pat Quin with Jimmie Scott open dancing.

Sept. 28. McWhirter-Allen lead — t a m e (see Freshman Thresher, March 15, 1935). Shirt-tail-parade-pep rally. L. S. U. game, no Huey. Societies spot pledges at inter-literary society tea. Dramatic Club returns to Autry House; Mrs. Blake, "It was born and raised here and I'm glad it's coming back." Kitts.

Oct. 5. Purdue Miracle, Rice in national news, Rice friends congratulate selves. Prexy's prediction ironically fulfilled. Sammy begins to use names. Betty Abbot considers dropping out of school. Much Kitts.

Oct. 12. Literary Societies pledge. E. B. P. A. L. fracas (not in Thresher). No news but Kitts (S. M. U.).

Oct. 19. Team leaves for Creighton; so societies give book reviews.

Oct. 26. Texas week end—2 bonfires—Kitts—Tony—rival parades—\$50 seats—Royall—Wallace—Smith—20-9—mob brawl—fadeout.

Nov. 2. Phi Beta Kappa detects. T. A. & I. swamped. Bourgeois leads Les Tactiques, plays L'Oncle de Goose Creek.

Nov. 9. "The Engineer" after many weeks. First Last deadline for Campanile photographs.

Nov. 16. Chandler speaks on "Rate of Acquisition and Loss by Hookworms." Scott writes an editorial.

Nov. 23. Homecomers see T. C. U. jinx rise from dead. New band uniforms (finally). Debate Club wins from Huey's squad. Second Last deadline for Campanile photos.

Nov. 30. Wednesday nite—O.W.L.S. Band dance. Thursday—b l e s s e d Thanksgiving rest.

Dec. 7. Bender wills \$200,000. At once "R" Assn. banquets Conference Champs, and Rally Club throws Break-Training Dance. "Camille" wheezes.

Dec. 14. Collier's All-American Bill Wallace. EBLs dig up old trophy. Dramatic Club Hula dances. Football team has Campanile photographs taken.

Dec. 21. Football season ends; literary societies again have book reviews. Scott says "merry Christmas" in 500 words.

CHRISTMAS CHEER (No Thresher).

Jan. 11. Dance Committee paternally cuts rates. Four co-eds get wrecked; wrecker gets publicity. Sammy uses more than just names—Betty Abbot does drop out. Extension lectures. Debate Club beats California.

Jan. 18. Williams publishes Creative Writing, loses Lectures. Owl cagers seize the torch. Archi-Arts name it Bal-Primeval. Office objects.

Jan. 25. Rice entertains Chinese Wei. Pattie jigsaw picture hoaxes Art Museum. Bal Celtica.

Feb. 15. "Texas Colleges Won't Join League of Nations." Whoops! Bal Primeval.

Feb. 22. Mrs. Autry mourned. Bal Celtica, with primeval beauty pageant, flows.

Mar. 1. Dr. Stockton Axson, Ave Atque Vale! Junior Prom goes ahead.

Mar. 8. Kilgore's Wooden Lions bowls over One Act Play Contest.

Mar. 15. Worship Queen Woods, Princesses Neathery and Quin. Phi Beta Kappa canonizes 6 more. Literary-basketball fight stops third scheduled book review.

Mar. 22. May Fite. (Elections continue.)

Mar. 29. PALS-Pre-Law Dance in rain, at Beechmont. Architect Clemens goes May-King. Scobee spouts.

April 7. Harvard-humorist-historian hits ham 'athletics. "Dover Road **Will** last 3 days!" Scobee spurts.

April 22. Oberle heads "La Malade Imaginaire." Thresher scoops Helen Hayes story.

April 19. A Thresher came out as usual. (Advertising contracts.) Scobee.

May 3. Engineers, Greer leading, crash thru to Scott and Dees at EB-Pre-Med. Scobee does not attend. Roberta says, "Wake me early mother." Haw.

May 8. Roberta says, "Wake me, etc." Haw! Haw! Fellows propose a May-fete-commencement.

May 9. Roberta says, "I'll give 'em one more chance."

May 10. Election results. Boone. No Chiefs. No rest-room-gang. R & Quill comes to life again.

May 17. Campanile goes to press.

"But helpless Pieces of the Game He plays
Upon this Chequer-board of Nights and Days;
 Hither and thither moves, and checks, and slays,
And one by one back in the Closet lays."

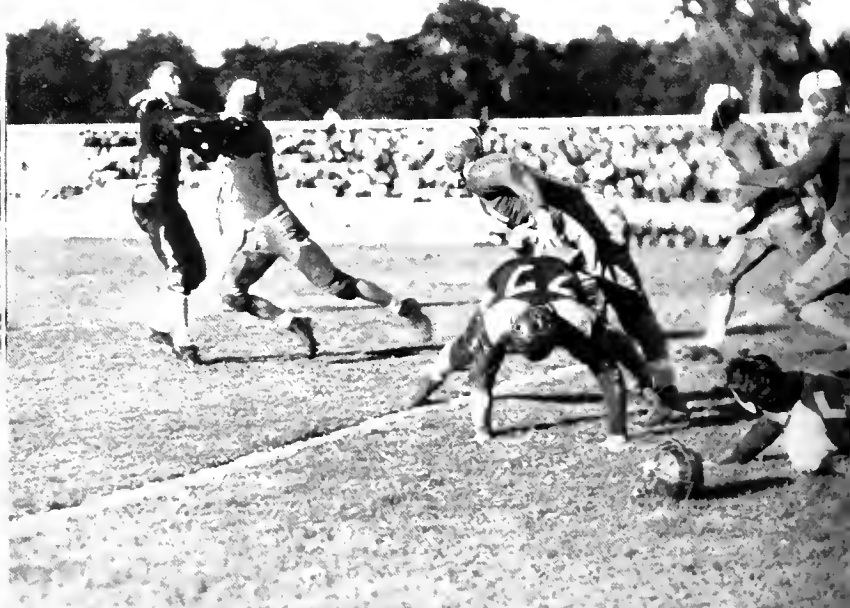

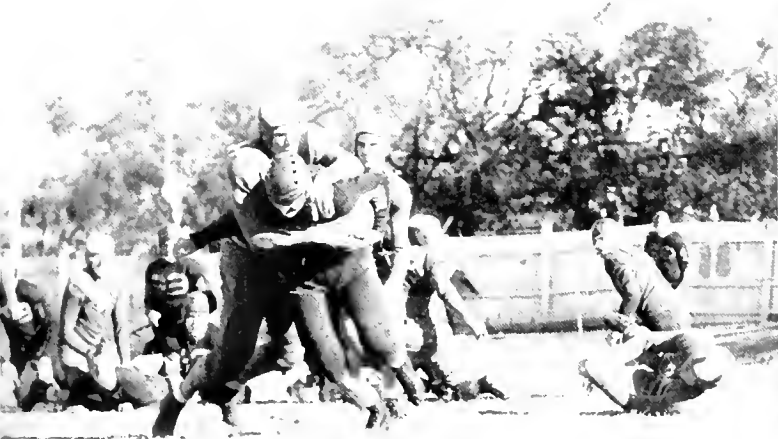

SPORT

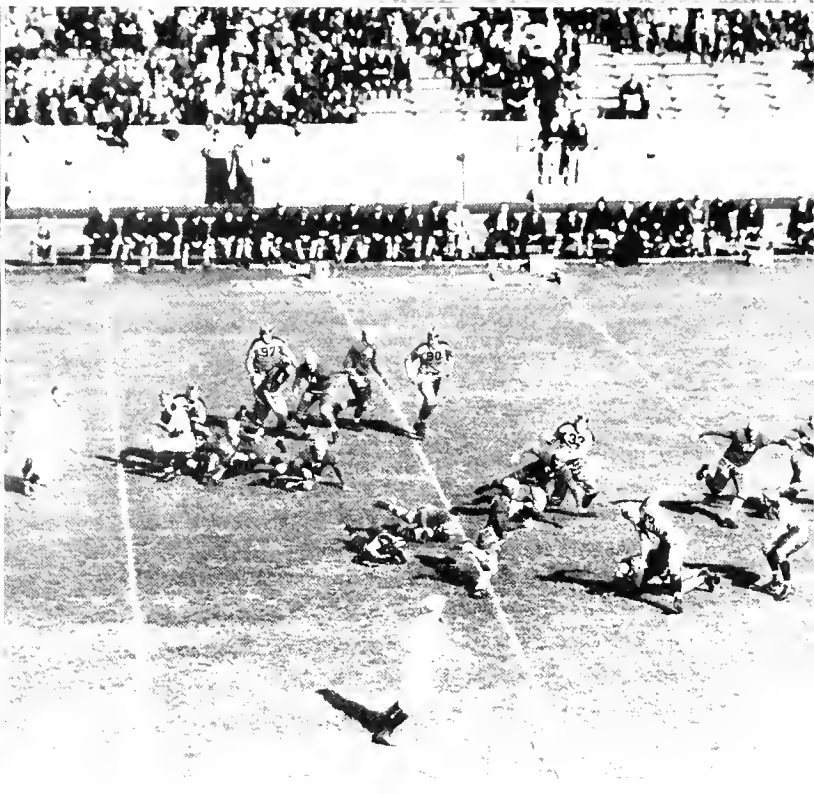

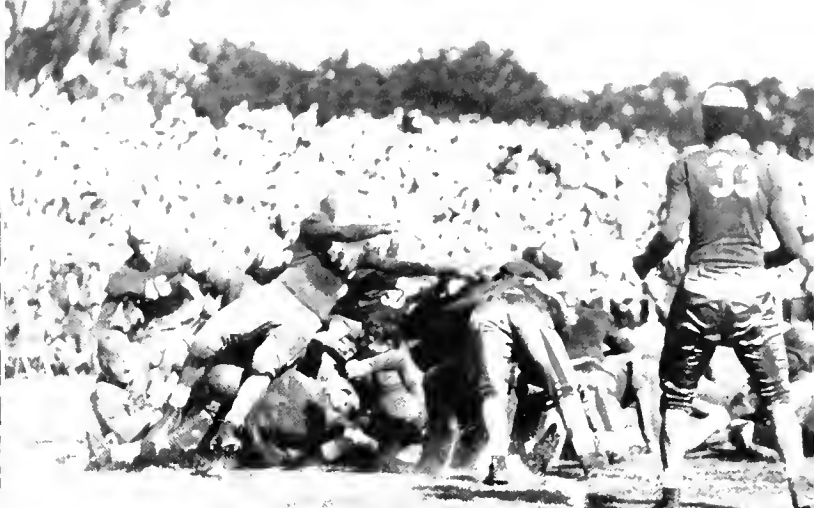

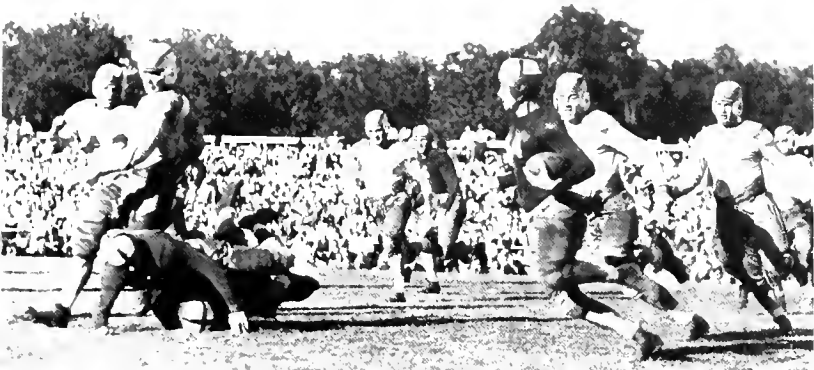

FOOTBALL

THE 1934 SOUTHWEST CONFERENCE CHAMPIONS

The year 1934 will go into the annals of football history as the most satisfying in the development of the athletic prestige of Rice Institute. No longer is Tony forced to sneak down the wrong side of the street with hat slouched dismally over his defeat ridden features; no longer do we undergrads have to shoulder the burden of the time-worn "Next Year"—Rice has arrived.

Starting the season with a new mentor and their ability a distinct question mark, the battling Owls began the hardest schedule on the school's record, barely noticed by the other conference schools, and, needless to say, completely overlooked by the rest of the country.

Undaunted by the lack of notoriety and the small chances attributed them for success, the Kittsmen began their schedule with a grim determination that sent victory rolling on victory until the once weak Owl chirp became a screaming, screeching challenge sweeping over the entire country, sending galling, rasping fear into the hearts of the football powers that be.

Ripping, snarling, battering, they annihilated in quick order Loyola, Texas, S. M. U., Arkansas, and A. & M. They forced a heralded L. S. U. team to play over their heads to gain an undecisive tie. Traveling north to the home of the Boilermakers, they made those most worthy gentlemen rise to superhuman heights to prevent the Owls from running up more than the fourteen points that were the margin of victory.

Then came disaster in the form of an inspired Texas Christian team. We need not apologize for this defeat. T. C. U. for the day was simply the better team.

We all know the story of the following week-end—of how the Owls with their national reputation and the Southwest Conference crown at stake, pounced upon a powerful Baylor aggregation to hand them the most decisive defeat suffered by that school in fifteen years.

The 1934 Conference Champions can not be praised too highly for the superhuman way they came through the rigors of a hard schedule. Injuries were kept at a minimum, and the morale of the team was always at a high level.

Some idea of the great bounds which Rice football made in 1934 may be gathered from the fact that in 1933 Rice stood 143 in national ranking while in 1934 they stood seven.

RICE 12; LOYOLA 0

Opening the season with a night game at New Orleans, the Owls in a torrential rainfall showed the class that was to prevail the whole season. At least four touchdowns better than the Wolves, they were robbed of two by holding penalties in the fourth quarter. Both of Rice's touchdowns were scored in the first half, Wallace scoring the first with a beautiful sixty-yard dash through the rain. McCaulay followed with a forty-five-yard punt return down the sideline for the other score.

RICE 9; L. S. U. 9

Meeting the second Louisiana team in two weeks, Rice ended with a 9-9 tie with L. S. U. Entirely on the defense in the first half, and repulsing successfully four Tiger threats, the Owls changed to the touchdown blue jerseys in the second half and with beautiful force scored a field goal in the third quarter and a touchdown in the fourth. Wallace, Friedman, and Sylvester figured vitally in the action. The Tigers came back brilliantly with a necessary safety, and a beautiful drive down the field for a touchdown and a tie. Mickal's kicking played an important part in the score of the game.

RICE 14; PURDUE 0

Before a crowd of 12,000 people at Lafayette, Indiana, Rice decisively whipped a formidable Purdue team. Only slightly marred

by the unfortunate absence of Purdue's All-American halfback, Duane Purvis, this well-earned upset over one of the Big Ten's strongest teams gave Rice national recognition. Outstanding was the running of Wallace and McCaulay of Rice and Carter and Drake of Purdue. Wallace began his trek to All-American fame with 89 yards gained, with 69 for McCaulay and 65 for Carter. A pass, Wallace to McCaulay, scored the first touchdown and a blocked pass by Steen, the second. Despite the manner of both these touchdowns, Rice's victory was by no means a fluke, in fact except for the first part of the second half the Owls constantly outplayed the Boilermakers.

RICE 9; S. M. U. 0

Making their conference debut at Rice field before 12,000 fans, the Owls turned in a decisive victory over S. M. U. Rice's only touchdown came in the first quarter. Wallace took a daring pickup of a bounding punt, sidestepped an end, darted off to the left, reversing his field, and twisting out of several tacklers and running behind good blocking, went 36 yards for the touchdown. S. M. U. completed a number of short passes but without gaining much yardage; their running attack was not strong enough to draw in the Rice secondary, since the aggressive play of the Rice line was chiefly responsible for holding the tricky Bob Wilson in check. Rice looked best in the third quarter when it took the ball from its own 28-yard line to the S. M. U. eight-yard line, McCaulay carrying the ball. From this point Sylvester kicked a field goal from placement, making the final score 9-0.

RICE 47; CREIGHTON 13

Rice went to Nebraska as the favorites to defeat the Bluejays, but the decisiveness of the victory was a surprise to all. The first two touchdowns in the first few minutes resulted from the identical circumstances; both times Rice lost the ball in the center of the field and immediately afterward McCaulay for the first time and Witt for the second time

picked the ball out of the air on a fumble and ran for a touchdown. The third touchdown came on a pass from McCaulay to Wallace. In eleven minutes the team had piled up 20 points. From then on, after a 64-yard run by Wallace, virtually a new team played for the rest of the game. In the last half both teams managed to put over 13 points, making the final score 47-13. In the line Mays and Sylvester were outstanding; Steen, Biering, Royall, and Smith also looked very good.

RICE 27; T. A. & I. 0

A "breather" for the team. Most of the regulars went in the game for only the first 12 minutes. The reserves, however, led the visitors by the score of 7 to 0 for their part of the game. The first three touchdowns came after long marches of 36, 54, and 36 yards, with Metzler, Wallace, and Witt making the scores. Wallace ran 44 yards to provide one of the main thrills of the game. Friedman scored the final touchdown early in the second half after Bollman blocked a punt on the one-yard line.

RICE 20; TEXAS 9

Eighteen thousand fans, including James V. Allred, jammed into the groaning Rice field bleachers to see the most exciting game of the year. Rice's first touchdown came in the first half on a pass from Wallace to Witt; the blocking on this play was perfectly executed. Texas also scored in the first half when Verde intercepted a pass and ran 90 yards for a touchdown; the pass was thrown from the famous spread play. Texas failed to convert and the score remained Rice 7, Texas 6, until the last six minutes. At this point Texas was on its own 12-yard line; a pass was then thrown to Hadlock who galloped down the field and who would have had a certain touchdown had he not been beautifully tackled by Roy Royall. But Hilliard was then sent in and a field goal from placement put Texas in the lead, 9 to 7. After a punt exchange, Rice pulled a good piece of strategy. Wallace had just been put back

into the game and Texas was expecting a running play; but instead, Wallace threw a beautiful pass to Smith, who caught it at full speed and went over for a touchdown. Atkins kicked goal, making the score, Rice 14, Texas 9. Then to add a finishing touch, with one minute to play, Fouke intercepted a pass and ran 35 yards for the last touchdown.

RICE 25; A. & M. 6

The Owls breezed through their fourth conference victory by defeating the Aggies, 25 to 6, thereby inflicting upon them the worst defeat with one exception that the Aggies had ever suffered on Kyle Field. Yet this was done without difficulty and with the freest use of reserves. Rice's first touchdown came early in the game. Wallace kicked a 54-yard punt out of bounds on the Aggie eight-yard line; Couser then kicked back 20 yards, placing the ball on the A. & M. 28-yard line. Wallace then in a couple of plays ran the opposition ragged and went over for the score. With crafty generalship and beautiful timing of the line the scoring continued even with the full team of reserves. Couser of A. & M. almost alone accounted for the Aggie score when he ran through the center of the line to the four-yard strip and then took the ball over.

RICE 7; ARKANSAS 0

Playing in Fayetteville on Arkansas homecoming day, Rice roundly outplayed their opponents as indicated by twelve first downs to five. Rice's only score came in the second quarter when Wallace returned a punt from his 30-yard line to the Arkansas 36-yard line, followed by a beautiful pass, McCaulay to Witt which placed the ball on the seventeen-yard line. After a penalty and a line plunge had put the ball on the nine-yard strip, McCaulay called the spread play with one yard for first down; the Hogs thought that Wallace was going to carry the ball over the line and failed to cover McCaulay, who received a pass over the goal line. Sylvester converted the point after touchdown. Doc Metzler gained most yardage for Rice, while Primo Miller played such a smashing game that Coach Thompson of Arkansas gave him individual praise.

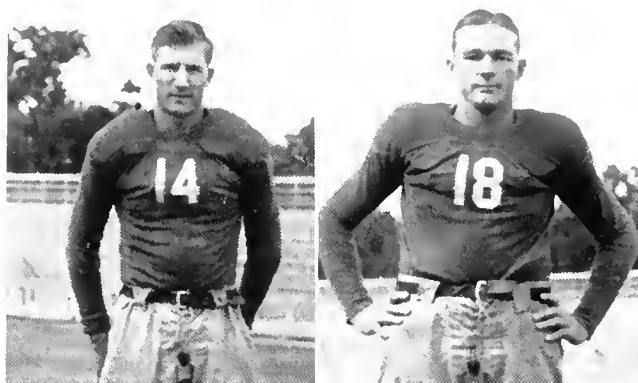

RICE 2; T. C. U. 7

On Saturday, November 24, Rice suffered her one defeat of the year. This was largely due to T. C. U.'s line with Lester at center and Roach and Walls at ends. Rice made fifteen first downs to T. C. U.'s eight, the latter not making any in the last half. Furthermore, Rice was constantly threatening in the last quarter, but the original T. C. U. score in the first quarter was decisive. That score was inaugurated with five successive first downs, with Lawrence carrying the ball most of the time. With the ball on the six-yard line, Lawrence faded back to pass from his thirteen-yard line, being vigorously rushed by three Owl men, but the subsequent pass to Coleman was ruled good, and the touchdown resulted. Rice's score came in the fourth quarter when Sadler killed McCaulay's punt on the T. C. U. one and one-half yard line; T. C. U. then donated the safety. The fourth quarter was very wild, with Rice threatening every minute; but each time Lester and Roach would throw them back. On the next to last play of the game, Rice had the ball on the Frogs' four-yard line, but with an incomplete pass over the goal line they lost their last chance to score.

RICE 32; BAYLOR 0

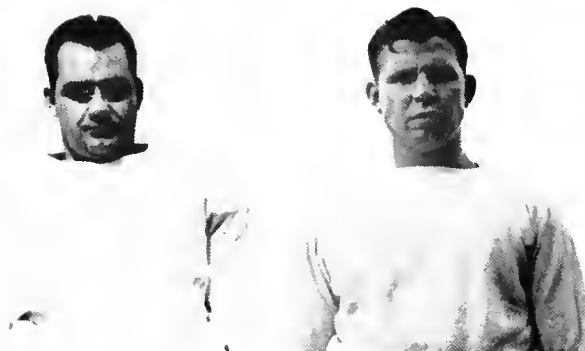

In the final game of the 1934 season Rice overwhelmed the Baylor Bears, 32 to 0, making a brilliant finish to a brilliant season and thereby winning for Rice their first Southwest Conference football championship. With Baylor using a peculiar 5-3-2-1 defense and with the Rice line blocking viciously, Wallace, McCaulay, Metzler, Smith, and Friedman went through at will. The passing attack was equally successful. Not until the last few minutes did Baylor even make a threat, and their drive was successfully stopped on the three-yard line. McCaulay and Wallace supplied most of the punch for Rice. Wallace had been named on the Associated Press All-American team the morning before and did in fact fulfill the part with his brilliant playing. It was McCaulay, however, who was the real star of the game, running, blocking, and tackling in magnificent fashion. His fifty-yard touchdown run was probably the most thrilling play of the game. In the line Captain Arthur and Buddy Daunoy were the outstanding players. The latter, playing his last game, was the best guard on the field. Others who played inspired football in their last game were Arthur, Metzler, Letts, Barnes, and Lagow.

RAYBORN MAYS—Telephone—Captain-elect—Quiet, takes his football seriously and is very much a man. Hampered somewhat by a head injury, but was still able to be an outstanding tackle. A terrific hitter. Watch him next year.

LECHE SYLVESTER—Pin-head—End—All-Conference—Best place kicker in the Southwest. Coached the squad in biology on trips. A steady reliable wingman, who used his head to advantage. Back next year.

CARMEN BRANDON—Apus—Guard—Starting guard who played splendid, courageous football all year. Improved with every game. Shifted from backfield to line. Sixty minute player. Another year.

JOHN McCAULAY—Ole Jaw n—All-American Quarterback—Elected most valuable player by teammates. Possessed amazing speed and shiftiness for such a large man. He could do everything a little better than good. Very calm and smart on the field. All-American next year too.

RAY SMITH—Morro Castle—Big, rangy sophomore who showed up well. Fine passer and punter. Ability will increase with experience. He also catches passes.

BOB BIERING—Stony—Tackle—Schreiner Institute transfer who showed up line in first year. Large and tough, he handled everything that came at his position. Will go great next year.

JESSE ATKINS—Flash—Back—large and powerful with the getaway of a sprinter. Excellent place kicker. Blocked nicely against T. C. U. Will be back next year.

BILL WALLACE—Willie—Back—All-American Halfback—Outstanding back of the conference. Great all around player who could run, pass, and kick better than the best. A southpaw and a track star too. Watch him next year.

JOE "DUCK" LAGOW—Guard—small but a tough and deadly tackler—watch charm guard who always did his best—beautiful game against Baylor—his last year.

JOHN "MUSSOLINI" FRANKIE — Tackle—starting tackle in sophomore year—quiet, efficient and not ruffled—takes football seriously—handles himself nicely—even better next year.

NORMAN "LAUNDRY" LETTS—Back—small but fearless—the tougher the going the better he liked it—noted for terrific tackling—swell punter and a plunging runner—last year.

ALBERT "DOC" METZLER — Back — speedy —hard to catch—started all games—good blocker yet was best ground gainer against Arkansas and T. C. U.—a three letter athlete —a credit to school—last year.

JOE MORRIS—Guard—sophomore linesman who played well when in a game—steady and powerful defense man—looks forward to lettering next year.

MELVIN "GENERAL MOTORS" BARNES—shifted from end to tackle—capable reserve —showed up well in stiff competition—not aggressive but played a smart game—senior.

ELDEN "INSULL JR." DAUNOY — Guard — fought through four years for his letter—constant and steady—played well against Baylor—good blocker and a swell person.

NORVELL JACKSON — Tackle — sophomore linesman who was a steady, useful tackle although he saw little action—can be depended on and will be needed next year.

WILLIAM "SAD DOG" SADLER—End—capable and reliant wingman—plays conservatively or spectacularly—general all around ability—should be outstanding in a crop of ends next year.

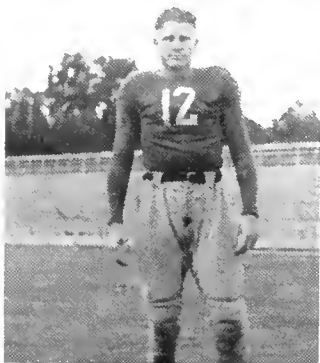

RALPH "PRIMO" MILLER—Tackle—outstanding in the Southwest—All Conference—carried 225 pounds with speed and ease to wreck the opponents' line and back field—greatest fear was of hurting some of the opposition—only a sophomore—probably All American before he's through.

W. D. "CHIN" AGNOR—Guard—low, heavy, immovable—a tough man who really "dishes it out and takes it" when he has to—running mate to Ard—sophomore.

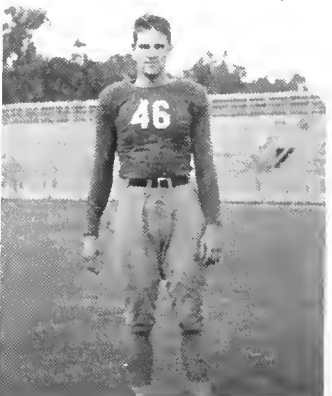

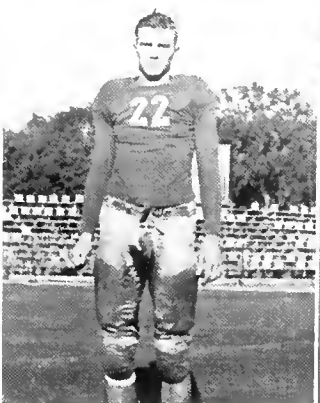

WILLIAM "BUTTERBALL" ARD—shifted from end to guard—played splendidly for a sophomore—has ability to sift through line—better next year.

MELVIN "RED" BALE—Guard—all conference—asked for trouble and took care of all he could get—excellent in running interference—one big reason for Rice's line being what it was—junior.

PERCY "STOOGIE" ARTHUR—Center—great leader and swell center—not one bad pass all year—much of the success of the team can be traced to his smart sixty minute football—hate to see him go.

ROBERT "NIGGER" FORBES—End—showed up fine although he suffered a bad ankle injury in mid-season to slow him up—best on defense—two more years.

BYRON "FASHIONPLATE" WILLIAMS—End—an engineer who managed to find time from labs to make first string—steady and dependable blocker and sure tackle—another year.

LOU HERTENBERGER—Line Coach—not only a good coach but a swell fellow—well liked by all the squad—teaches by demonstration as well as instruction.

WADE "SPOT" OWEN—End—fast and elusive—excellent in offense and good in defense—sophomore—outstanding prospect for next year.

FRANK "ABIE" STEEN—End—excellent pass receiver and defense man—pleasure to the grandstand and a pain to the opposition—his goal line stand against Texas will be long remembered—talked a swell game—All Conference if he comes back.

HOWARD "PONY" NICHOLLS—Center—junior college transfer slated for first string center next year if he doesn't become a back field man—played like a halfback at A. & M.—good linesman and an architect besides.

BUCK "PUDDIN' HEAD" FRIEDMAN—Back—big, hard driving sophomore—powerful line plunger and shifty broken field runner—handicapped by knee injury, but should go great next year.

GROVER CHAMBLISS—Back—substitute sophomore who showed to advantage against A. & M.—promising runner with speed.

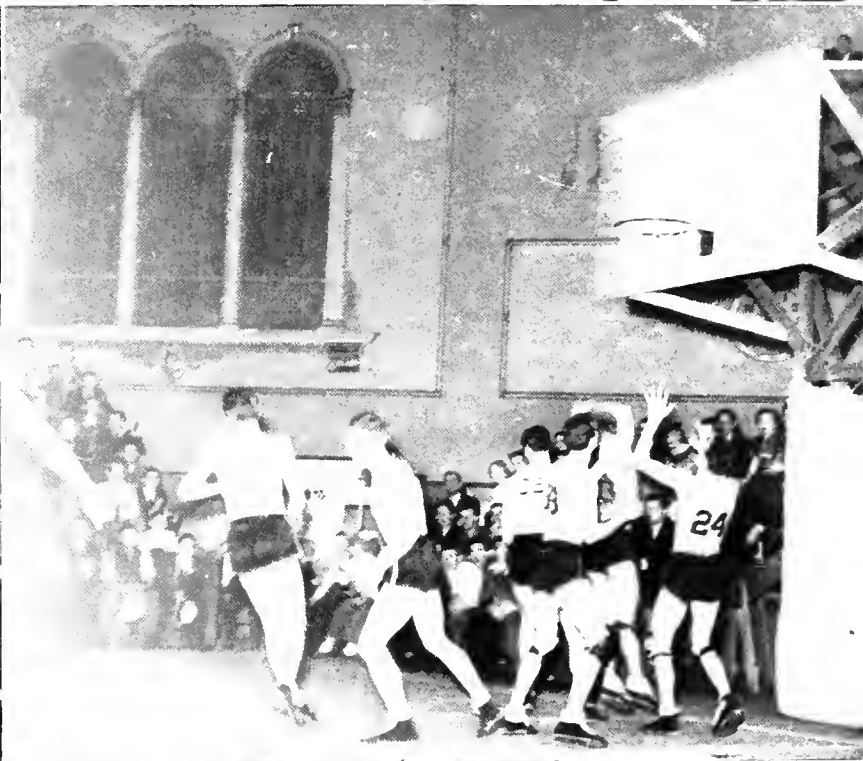

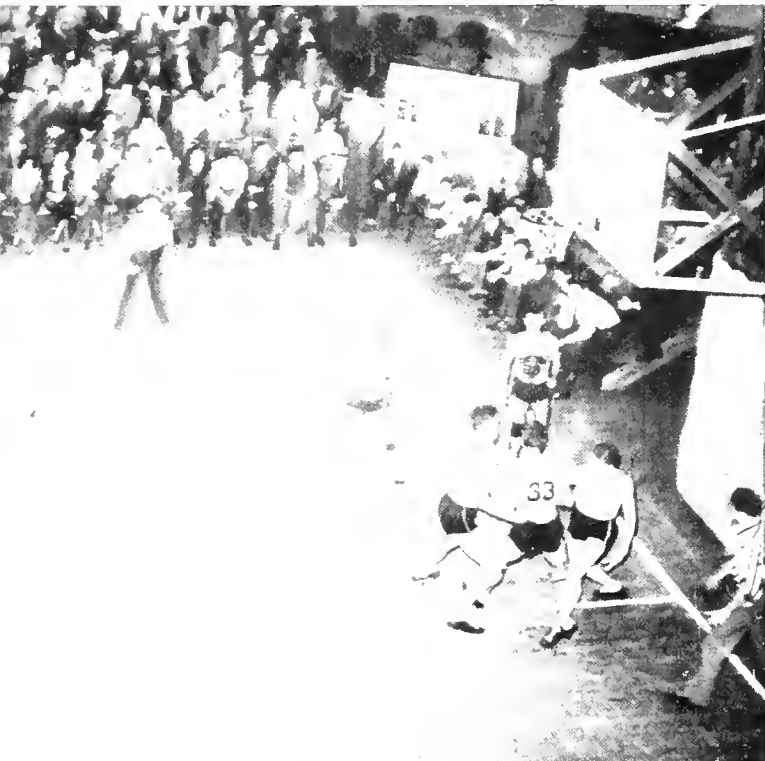

HENRY "CROONER" BOLLMAN—Center—reserve with line spirit—light but aggressive—fights and tries hard—back next year.

HARRY "SCRAPBOOK" WITT—Back—heavy, hard plunging fullback—started all eleven games—fine pass receiver but excels in backing up line on defense—see him next year.

BASKETBALL

BASKETBALL 1935

The Rice Owls acquitted themselves nobly in both the conference-struggle and non-conference games this year. Winning from all competition in non-conference bouts, the Owls were able to eke out a three way tie for the conference championship by finishing with a meteoric winning spurt.

The feathered quintet opened the conference season against the Aggies January 5 and were paced to a hard won victory, 46 to 32, by the smart, curly-haired Lodge. The Owls were off their game at the free-throw line but their passing attack went better than was expected. Orr in the second half demonstrated that Kitts' judgment in picking him as a future luminary was justified.

At Fayetteville on January 11, Rice championship aspirations met a cropper when "Ike" Poole, rangy Razorback center, dropped in a last minute counter to take away a heartbreaker, 31 to 30. The Porkers had their own way the biggest part of the game, with Captain Moody scoring 17 points against the scrapping Rice five.

Institute backers felt the depression more keenly than ever after the second tussle with the Arkansas basketeers on January 12. The smooth working opponents took the lead early in the game and the Owls never threatened. Journey and Kelly started a rally in the second period but it couldn't be kept up long enough to get a lead. Stanford and Kelly were high for the visiting team.

The Birdmen retained a toehold January 14 at Fort Worth by defeating the Horned Frogs, 36-24. Every Rice player joined in the victory with at least two points, and Kitts used eleven men. The going was tough for the first half, but then Steele turned on the steam and led the team in a spirited assault to build up a heavy margin. Steele was high for the winners with six tallies.

The travel weary team dropped to a new low in pennant odds when S. M. U. won its first conference game by taking Rice, 32 to 19, in the red and blue gym, January 16. With a tight defense and fast shooting offense the Ponies completely outplayed the Owls who had been on the road for the previous six days.

The Institute team pulled back into the .500 class at the City Auditorium, January 26, when it overcame a game Baylor quintet, 43-31. Twenty fouls were called against

Baylor, but their accuracy with free throws kept them in the game. The crafty Lodge directed the last period rally with a lame knee. R. T. Eaton's passing in the first half was notable.

Paced by Captain Journey and Floyd Kelly, the Kittsman took a rough and tumble contest from the Longhorns on February 9, 43-35. Jack Gray of Texas was a serious threat as his one hand push shot piled up 21 points for the Steers. Twenty-three personal fouls were called on the visitors, and the game will be memorable for its thrills.

Hot as a firecracker, Kelly sank five field goals to give the Owls a victory over the S. M. U. team on February 16. Journey held the speedy Baccus to one field goal the last half, and the change in defense by the Institute five and the rest period is given credit for the victory. The Ponies battled gamely and their last period spurt was almost fatal for Rice hopes. The ending score gave the home team a scant lead at 32 to 30.

On February 19, Rice fought out a 33 to 23 game for a victory over A. & M. on their own low-ceiling court. The Aggies are always hard to beat on home ground, and they were much improved. Stanford, Steele, Johnson and Witt bore the brunt of the attack while Metzler and Eaton co-operated at guard. One step further toward the championship flag, and Rice supporters were hoping against hope.

Atoning in part for the defeat suffered in football from T. C. U., the Owls outlasted the Frogs on February 21, 29 to 25. The game was as rough as football and as vivid for the lead changed hands three times in the first half. R. T. Eaton and "Spot" Owen turned in fine defensive games while Journey led the scoring with nine points.

Smothering Jack Gray & Co. of Texas, 34-28, the Kittsman chalked up their sixth straight victory, March 1. Journey brilliantly guarded Gray, Eaton's passing was superb, and Witt hustled for the ball the whole game.

Defeating Baylor, 36 to 24, to cinch a tie for the conference with S. M. U. and Arkansas, the Blue and Gray quintet ended the season March 2. Orr took the heart out of the Bears with his wily crisp shots, but it was Lodge who steadied the Owls with his passing. Rice finished the season with nine victories and three defeats.

CAPTAIN HARRY JOURNEY—Forward—His ability as captain so appreciated by his team-mates that he was elected a second time . . . Played more minutes in competition than any other man on the team . . . Second high point man . . . Classy forward, with ability to shift to guard and cling like a leech . . . Modest and competent.

WADE "SPOT" OWEN—Guard—Stellar, little all-state performer from Athens . . . Broke into games late in the season but made it up shortly . . . Pugnacious . . . Scoring threat from the foul line . . . Another sophomore . . . Dribbling and passing call for little improvement.

HENRY BOLLMAN—Guard—Active, light, agile . . . Lacking only in experience which comes with continual playing, he stands to show with the best of next year's team . . . A good eye for the basket and good diagnosis of plays kept him on the squad.

JACK STEELE—Forward—Sophomore who continued his freshman honors and became a valuable fast man . . . Started the season like a house afire and is likely to become Rice's biggest scorer in a couple of years . . . Quick on his feet, tough to guard or pass through.

HARRIS "TIGHTWAD" LODGE—Sparkplug of the team. Crafty Houston sophomore guard turned in a brilliant performance . . . Acted as field general . . . One of the surest shots on team, but earned his laurels as guard against Gray, Baccus, and Alford . . . Cinch all-conference the next two years.

ALBERT "DOC" METZLER—Guard—From Houston . . . Finished his last year as remarkable an athlete as he has proved heretofore . . . Speedy, elusive, he dribbled in and then handed the scoring glory over to someone else with a lightning pass . . . Goes down in history as an athlete for Rice to be proud of.

WILLIS ORR—Furnished the surprise of this year . . . The angling forward from Houston stepped into a first string position through ability to make crisp shots . . . His wily, fast break and dribble did much to discourage and disconcert the enemy . . . Sophomore, shows much promise.

AARON STANFORD—Forward—Sophomore from San Angelo . . . Like dynamite . . . 'til it is time to do something . . . Dependable for a score when the game is close . . . Seldom misses the basket but needs the experience which will come with practice.

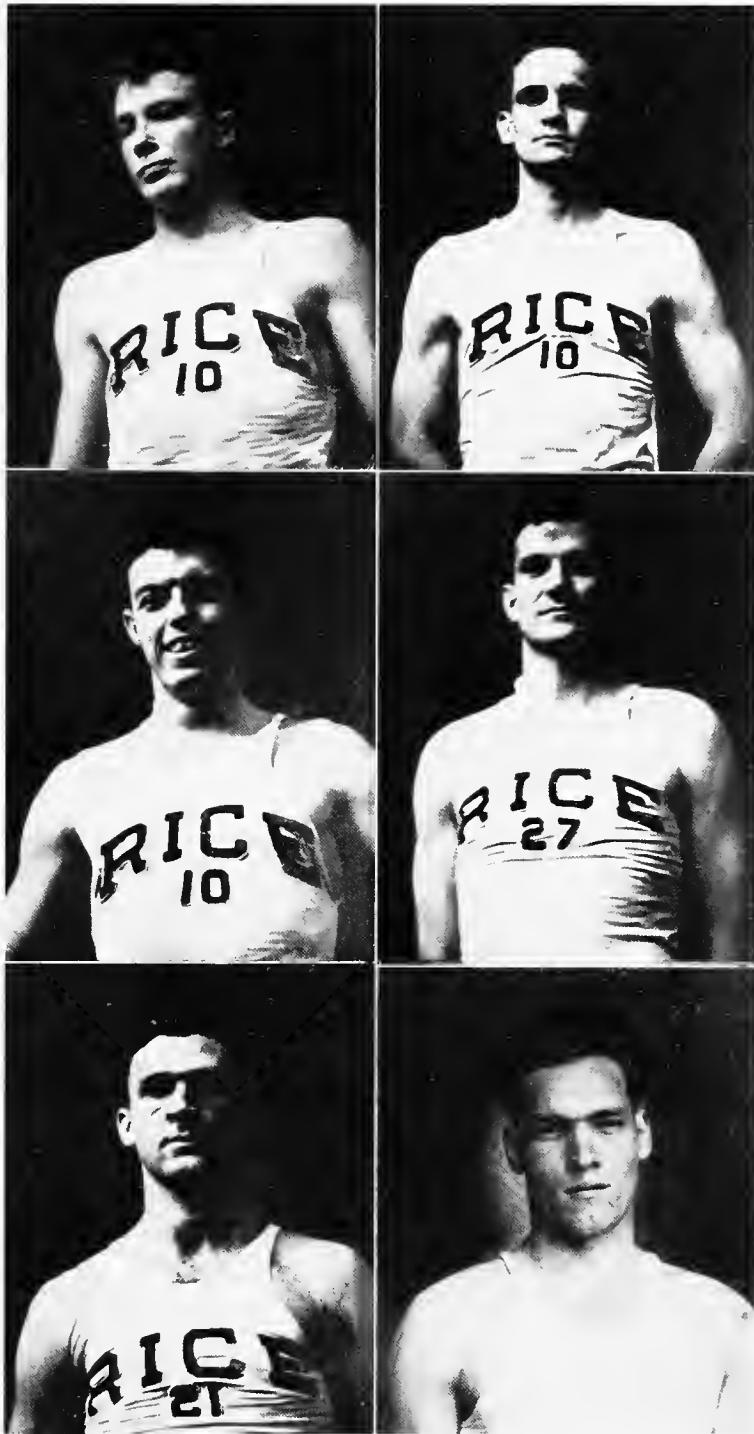

R. T. EATON, JR.—Guard—Maintained the type of playing which won him all conference honors . . . Confident, capable passing steadied his team mates . . . Pulled the game out of the bag several times with almost impossible shots . . . Deceptive . . . His perception of the opponent's attack never failed.

FLOYD KELLY—Center—Gainesville . . . Tallest man in the conference . . . Highest scoring honors . . . Vastly improved, his work at center and in the hole was the mainstay of the Rice attack . . . Great expectations are held for him again next year.

HAROLD "BULL" JOHNSON—Center from Smithville—An affable pachyderm upon whose shoulders the brunt of the attack fell when the going got rough . . . An accurate overhand shot . . . Wise in basketball tactics as this is his last year . . . Never complaining, his steady stream of humor kept the squad in good spirits all year.

HARRY WITT—Forward—Another Houston product . . . Big and powerful . . . Keen eye for basket and showed great dependability . . . His second year on the team has shown marked improvement in technique . . . Will fight hard for a first string position next year . . . Played in almost every game.

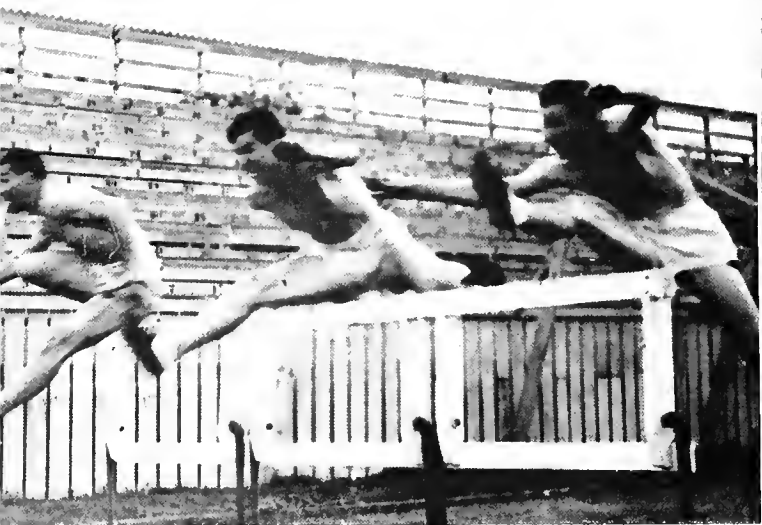

Members of the team who failed to play in the required number of games but played a valuable part in the team's success are Ray Smith, Lee Tynes, and David Furman.

TRACK

TRACK 1935

Opening the competition with other conference schools early, Rice entered the Border Olympics at Laredo on February 22 with a full team. Petty set a new record for the meet with a discus throw of 157 feet, 5 inches. Brothers and Weichert took firsts also and Rice was second to Texas with 32 points. It was a good preview to what the year in track promised.

On March 23, the Owls entered the Ft. Worth Fat Stock Show track and field events and took four firsts—Reid tied with Weichert in the vault at 12:8; Wilson, Petty, and Brothers took first, and Johnson second in the discus.

March 30, Brunson took the team to Austin for the Texas Relays. The mile relay team took first in 3:19:8 but was disqualified. Petty set a new discus record with a toss of 163 feet, 3¼ inches. Weichert tied for first with 13 feet. The 880 relay team of Cashman, Wallace, Brothers, and Haley took second.

Taking either first or second in all but two events at L. S. U. on April 6, the Birdmen were so short of spare points that they lost by three points, 57 to 60. Eugene Oliver took second in the high hurdles and E. Wallace second in the high jump, Brothers first in the 440 and 220, Haley in the 100, Johnson in the shot and Weichert in the vault with 13 feet, 3 inches.

Entertaining A. & M. on April 22, Rice took the little end, 59 to 63. Letts won the javelin, hurling it 197 feet, 3 inches. Mile relay got first, Bill Wallace took first in both hurdles, Johnson, Petty, Brothers, and Reid took firsts.

In the triangular meet with Texas U. and Abilene Christian at Austin, April 16, Rice was second with 59½ points. Wallace ran the high hurdles in 14:8 and also took first

in the 220 low hurdles. Wilson won the mile in 4:31. As usual, Brothers, Weichert, Johnson, Letts, and Petty took their respective firsts.

On April 20, Coach Brunson took seven men to the Kansas Relays at Lawrence, Kansas. Petty set a new record for the relays with a discus throw of 154 feet. Weichert tied for third in the pole vault at 12 feet, 6 inches. The 880 relay team of Brothers, Haley, Metzler, and Wallace took fourth.

Sending only three men to the Drake Relays at Des Moines, on April 27, Rice obtained distinction. Petty took first in the discus and Weichert tied for second in the pole vault at 13 feet, 8 inches. Wallace unfortunately fell in running the high hurdles to lose a place.

Entering another triangular meet with Texas U. and A. & M. on May 4 at Austin, Rice took second place with 58½ points. Wallace ran the 220 low hurdles in 23:9 for a first, Forbes took a third in the broad jump, Johnson threw the shot 47 feet, 8 inches for a first, and Brothers ran the 880 in 2:00.5 for a first. Petty, Weichert, and Wilson placed first in their respective events. Mays was second with the javelin.

The Owls entered the Southwest Conference Championships on May 10-11 to finish in second place with 48½ points. Weichert set a new conference record in the pole vault at 13 feet, 5⅝ inches. Wallace won the low hurdles in 23:3, and Petty set a new conference record in the discus with a toss of 157 feet, 7⅞ inches. Wilson took the mile run with ease in 4:29.5. Brothers won the 440 and Johnson the shotput with a heave of 46 feet, 7½ inches.

VERNON WILSON—Sturdy little distance man who distinguished himself by winning the Conference mile in 4:29.5. Outclassed his competition all year in this event and steadily improved. Also ran the two mile—took first in all meets he entered for the year in the mile.

DAVID WEICHERT—Slender sophomore pole-vaulter—Took easy firsts in all competition—Was sent to Drake and Kansas Relays—Bettered records in Conference Meet by two inches with new mark of 13 feet, 5 $\frac{5}{8}$ inches—He is expected to clear 14 before he leaves—Deserves everything he gets.

JOHN CASHMAN—All around track athlete—Weight man, broad jump, sprinter, and 440 relay team—Injuries kept him from doing his best—One jump in Conference Meet netted a place—Consistent scores—Finishes this year—Points in all meets.

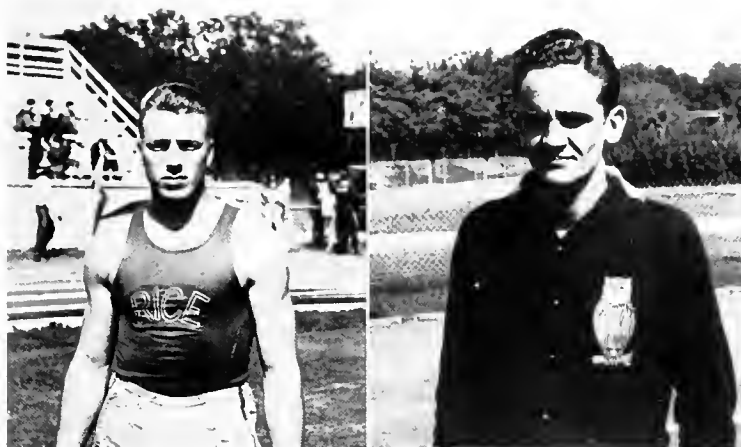

KITTRELL REID—Besppectacled vaulter who is hampered by difficulty in finding time to train—Distinguished himself by taking points in all meets—Tied for third in Conference—Another year in which to catch up with Weichert—Plenty of grit and stamina.

J. C. PETTY of Kaufman—This husky youngster took first in the discus in every competition in which he was entered—Bettered his own conference record by three feet in the Conference Meet with a throw of 157—Won Drake and Kansas Relays and set new records there—Has another year in which to take new honors.

R. T. EATON—Junior from Houston who made the team his first year out—Is developing into an excellent quarter-miler and 880 man—Placed in Triangular and L. S. U. meets—Lacks experience but has the constitution of a runner and is a potential scorer for next year.

"BUCK" FRIEDMAN of Austin—Sophomore member of squad who does everything from putting the shot to discus, javelin, and running—Lacks confidence and has not yet found his niche—Took points in Laredo and Triangular meets—All kinds of ability with two years for improvement.

AARON STANFORD—San Angelo—Long distance man who unexpectedly showed to advantage in the 880 and quarter-mile events—Has plenty of endurance and pluck to keep running when the going gets tough—Placed in the Laredo, L. S. U. and Triangular meets—Only a sophomore with two years for further development.

"RED" HALEY—Crimson flash from San Angelo—Takes part in all sprint races and a member of the 440 relay foursome—Placed in all meets he entered in Texas—A dependable point-getter with another year ahead of him—Good nature also makes him a valuable member of the team.

"SMOKEY" Brothers—Also of San Angelo—Took first in the 440 in every meet he entered—One of Rice's most outstanding performers and threatens to obtain national honors in the quarter-mile—Won Conference with ease in 49.1—Has run this event in 48.

SAM MAYS—Stalwart hurler of the javelin—One of most dependable men on track squad—Took second in Conference Meet and first or place in all others—Average throw of 190 or more—Has another year in which to perfect himself—His accuracy will be vouched for by "Bull," the negro mascot.

ELMER WALLACE—High high jumper—First year out and he cleared six feet at the Conference Meet—A conscientious performer with ambition—Pride of Eagle Lake No. 2—Was handicapped by inexperience but with able coaching will develop into a real track athlete.

ALBERT "DOC" METZLER—Adds to his athletic proficiency by serving as a sprinter, member of relay team, and broad-jumper—Took places wherever he competed—Ended his last year as a point-getter for Rice in a competent manner—Unassuming and capable, his loss will be felt keenly.

WILLIAM WALLACE—Crack hurdler—Ran five races in the Conference Meet—Work horse of the squad—A junior performer who is expected to set a new conference record in both hurdle races next year—Placed in every meet he entered for the year.

NORMAN LETTS—Blond, curly-haired, and good-natured—Specializes in the javelin throw—Threw 198 for first in the Texas Triangular Meet—Took places in all meets but the Conference—Ended his last year of competition—His sunny smile will be missed as much as his skill.

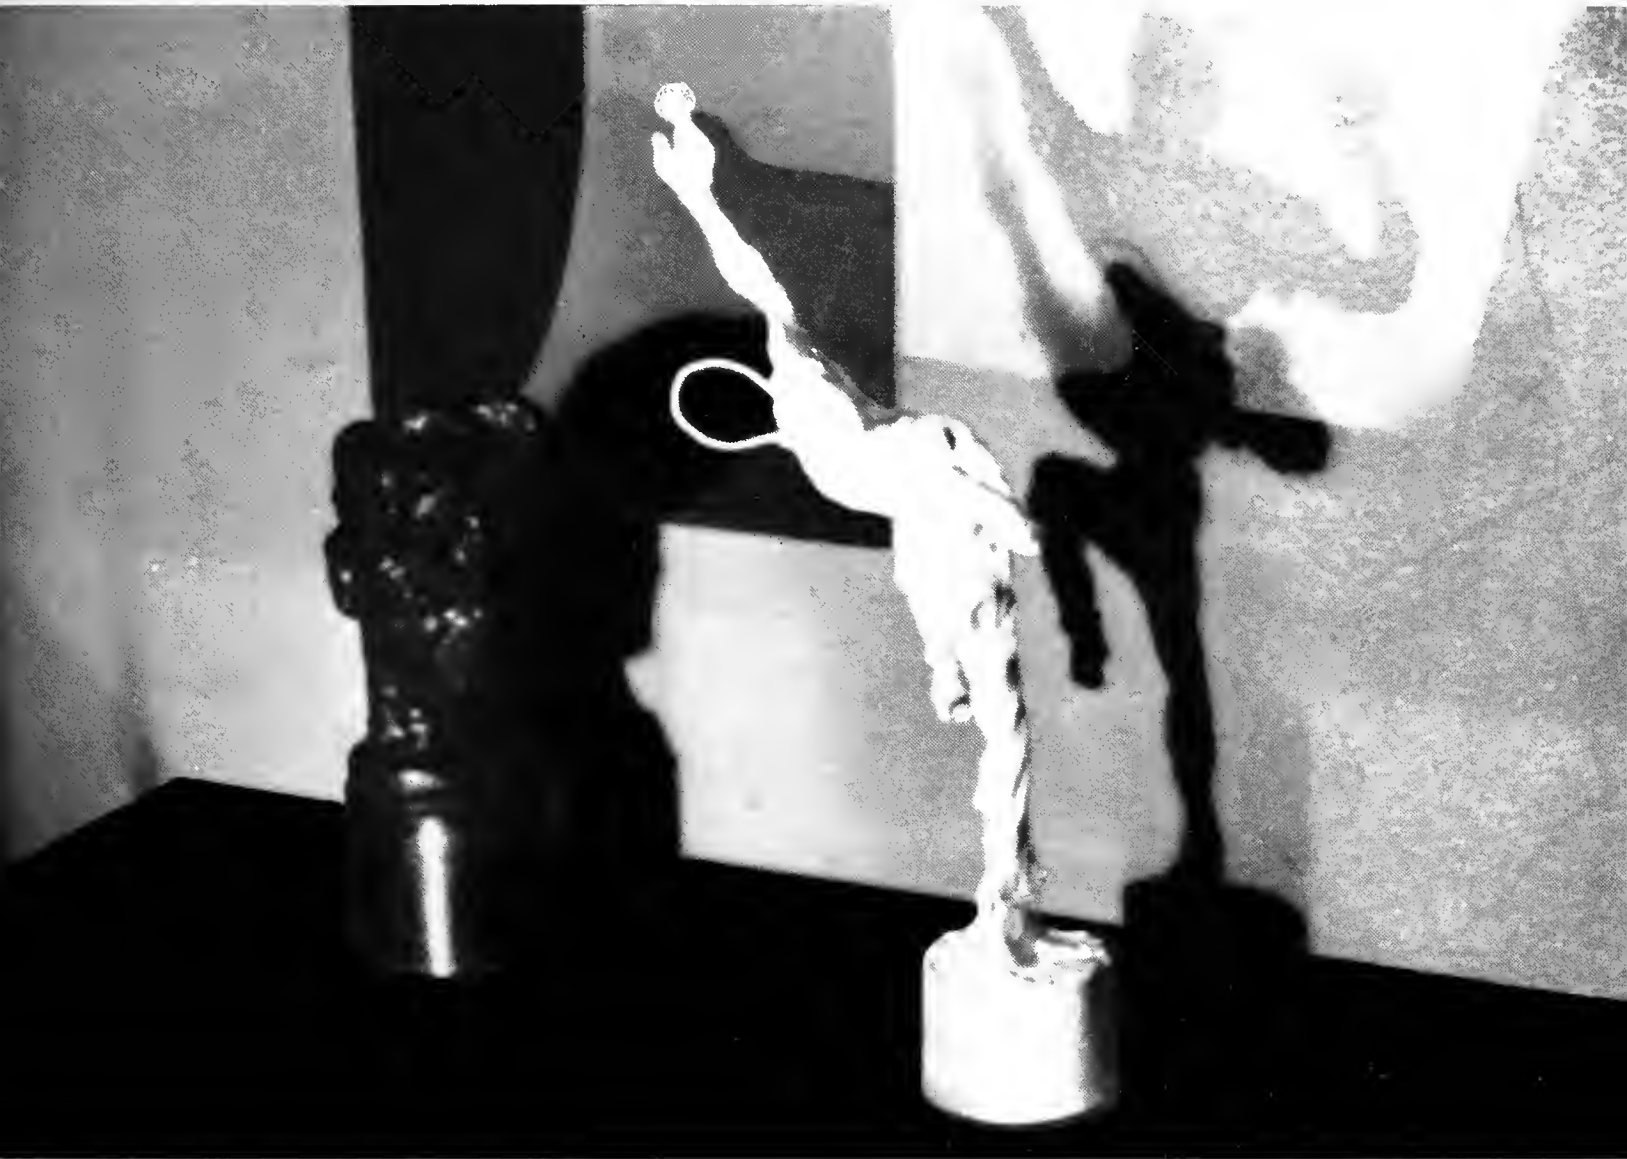

EUGENE OLIVER—Lithe hurdler who combines this ability with running the 880—Took third in the Conference high hurdles and added up points for Rice in all competition that he entered—Turned in good performance during the year—Is expected to improve his last year.

HAROLD "BULL" JOHNSON—Burly weight man from Smithville—Took first in the shot put with 46.9 and second in the discus in the Conference Meet—One of the most valuable and consistent point-getters in Conference—Took first in shot put in Laredo and Triangular meets—His going leaves a gap which will be difficult to fill.

RAY SMITH—San Antonio giant speedster—100 and 200 man who was prevented from much competition by leg injuries—A sophomore of whom much will be heard in the next two years—Placed in all meets until hampered by his injury.

MINOR SPORTS

TENNIS 1934

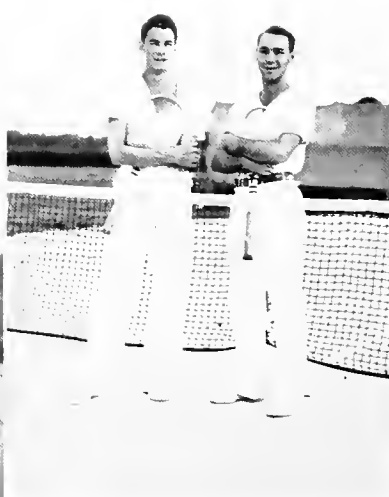

The Rice tennis team, composed of Co-Captains Fred Alter and Wilbur Hess, with Bob Allen and Otto Nachlas, got off to an auspicious start with decisive victories over L. S. U. and S. M. U., winning 5-1 in both cases. Against Texas, however, the result was the opposite. Hess was the only Rice winner. He showed sensational form and remarkable steadiness to win from the conference champion, Martin Buxby, in straight sets. In the conference meet Hess went easily into the semi-finals, but in his match with Weltens of Texas he took a cramp and lost after a 2-1 lead in sets. The doubles team of Hess and Alter, also in the semi-finals, had to default because of Hess' inability to participate.

WILBUR HESS—Co-Captain—Beyond doubt the outstanding netter in the conference. Captain-elect—is a cinch for singles championship. His steady stroking and accurate placements more than offset his lack of weight. Little Jake's big brother.

FRED ALTER—Co-Captain—Freddie the Warrior—A remarkable personality. Won at times only because he had the will to win. Strong competitive spirit. We'll remember that match with Gordon Pease of Texas a long time.

OTTO NACHLAS—A senior who played beautiful if erratic tennis. Was invincible when right. He overcame his physical smallness by his aggressiveness. Had a bewildering serve and a powerful overhead.

ROBERT ALLEN—Bob worked steadily and improved rapidly toward the end of the season. His doubles play with Nachlas usually added necessary points to Rice's score.

QUINN CONNELLY—Coach Quinn had the confidence and the respect of the team and his value cannot be overrated.

GOLF 1935

In a year not marked by outstanding successes, the Rice golf team managed to place third in the Conference Meet at Dallas, in May. Captain Raleigh White, qualified with a score of 80, Robson with an 82, and McCarthy with an 83.

In the first round White defeated Ramsey of Texas, one up. Ramsey led the field in the qualifying round with a 72. Gore of S. M. U. defeated McCarthy, and Jones of S. M. U. eliminated Robson. In the second round, White bowed to Gore, who became runner-up to Ed White, the conference champion.

In dual competition, Rice lost to S. M. U. by one point and by the same margin to A. & M. In the dual meet with Texas, the Longhorns' victory was more decisive.

Although remarkably effective against the good local competition, a lack of confidence contributed to the erratic play in conference matches.

RALEIGH WHITE—Captain—Ranked number one. A consistently good golfer, his jovial personality made him friends even with his competitors. Raleigh's night work was his greatest handicap.

BUDDY ROBSON—The chip shot artist of the team—made his approaches count. Robson was erratic but brilliant in the rest of his game.

RALPH NEMIR—Dependable—Ralph has a knowledge of the fundamentals of the game. Dodged the cameras.

CHIC McCARTHY—Probably the most consistent putter on the squad . . . never blew up . . . Noted for his long putts . . . For this reason turned in some exceptionally low scores.

BILL BARTON—Buzz showed a dependability and a consistency which was badly needed by the team. His good swing and perfect timing kept him in the running.

R I C E ' S A L L

JOHN McCAULEY

Mac's the guy who called the pass from the spread play against Arkansas that afternoon that won the game. He seems to have found favor in national football circles, being chosen for All-American by Red Grange and for second teams by the United Press and Liberty. The Liberty's team was chosen by a players' poll, and if four more Creighton men had voted, Mac would have been first. But those of you who saw the Baylor game or heard about the Purdue game don't need Creighton players to tell you what kind of football he plays. He received the George Martin Award when his teammates voted him the most valuable man on the squad. Mac says that football is out of his line, that he had rather play baseball.

J. C. PETTY

Jesse has the unpardonable habit of bringing home all discus throw honors in meets that he enters. Having established a new state and national High School Intercollegiate record in this event, he continued in this practice at Rice and at present has not been defeated in any competition. He established new records for the Kansas and the Texas Relays, and in the Conference Meet he broke his own record by more than three feet. His best heave was at the Texas Relays where he tossed the discus 163 feet, six inches, less than six feet short of the World's Record, and about thirty more than his nearest competitor.

WILBUR HESS

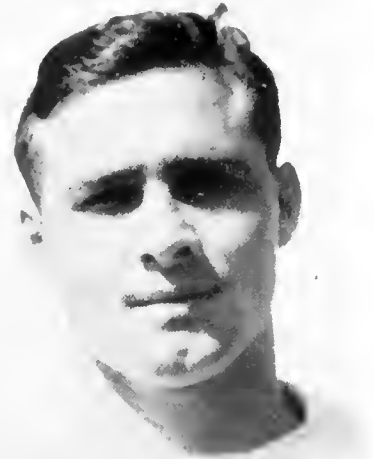

Wilbur had a tough afternoon one day last year during the Southwest Conference Tennis Meet, and while leading two sets to one, in the semi-finals, took a cramp and was forced to let up. But just to make things right, this year he took the man he bowed to in defeat last year in straight sets to win the Southwest Conference Singles Championship for 1935. Some of his other conquests include singles and doubles championships of Texas, North Carolina, Mid-Atlantic States, and Eastern States Clay Courts. He was ranked fourth in the National Intercollegiate last summer, and lived up to it by going to the semi-finals. Watch him this summer in the Nationals.

A M E R I C A N S .

WILLIAM WALLACE

Bill is that fellow who hitch-hiked to the high school district track meet and won it single-handed. At Rice he continued his solitary ways and applied them to football. He managed to gain more yardage in punt returns in the Arkansas game than the whole Razorback back-field could pick up all afternoon. For this and like efforts, Grantland Rice and the Associated Press made him All-American. Bill still fares well in track too. He just finished winning the Conference 220 low hurdles in 23:3 and expects to enter the National Meet at Berkeley, Cal., in June. He has already come within four-tenths second of the world record.

LOUIS BROTHERS

Smokey has contributed his bit for Rice's honor the past two years in track. He opened up six years ago when he took the state half-mile run and continued in this practice for two more years, then he topped it off by placing in the National Interscholastic Meet. He has done big things for Rice by winning the 440 yard run in the meet of '34 at Los Angeles, and in many Southern meets. In addition, he placed in the National Intercollegiate Meet and in the National A. A. U. His most recent victory was in the 440 at the Conference Meet this year. His best time to date is 48:0 for the 440, which is not so bad.

KATHRYN PEARSON

With a trophy case filled with about forty tennis and eight golf trophies and still possessing becoming modesty, Kathryn is probably the outstanding girl athlete in intercollegiate competition. Kay started going somewhere about three years ago when she received national ranking in the Girls' National Tennis Tournament. At present she holds the National Intercollegiate Woman's Singles and Doubles Championships and has had the privilege of playing at Forest Hills with both Helen Wills and Helen Jacobs. She has been number one girl tennis champion at Rice for the past three years, and has won three times the Southern branch of the A. A. U. Nice going, Kay.

The money that you have paid for this 1935 Campanile represents less than 50% of the actual cost of producing this yearbook for you. The remaining cost of this, your book, has been largely assumed by the advertisers whose messages appear on the following pages. Remember them and give them the patronage that is rightfully theirs.

The Motor Car Is a Good Customer of Everybody

TEXAS

is primarily an agricultural State, interested in markets for the products of its farms. Years ago, the larger portion of these markets was the individual consumer, the family which bought for its tables the products of the farmer's flocks and fields. Today industry consumes vast quantities of these products.

For example, the Ford Motor Company has announced an intention to build 1,000,000 automobiles during 1935. That number of cars will require 3,200,000 pounds of wool, and that quantity of wool will require more than 800,000 sheep to produce it. The wool goes into upholstery, floor coverings, lubricants and anti-rust preparations. And then comes the part played by cattle, beef and dairy. The production of glues from hides, glues made from milk, stearic acid, greases, glycerine, soap chips, and 1,500,000 square feet of leather for upholstery, will utilize 30,000 cattle.

The hog also enters the picture. For lard oil in lubricants, oleric acid and bristles for brushes, 20,000 hogs will be used. Even the goat yields his quota, for in making the pile fabric used in upholstery, 350,000 pounds of goat's hair—mohair—will be needed, which means shearing 87,500 goats.

Turning to cultivated fields we come first to cotton. Every four-door Ford sedan uses 70 pounds of cotton. A million cars will require over 69,000,000 pounds of cotton—25,000,000 pounds in tires; 34,000 pounds in batting, cloth, brake linings, battery box, timing gears and safety glass. It will take 433,000 acres of cotton to produce

this material. King Motor is a strong ally of King Cotton. The corn field also is laid under tribute. Some 500,000 bushels of corn will be needed for butyl alcohol and starch used in manufacture. This will bring the product of 11,280 acres of corn to the Ford factory. Flax growers will furnish 2,400,000 pounds of linseed oil, and to produce this they will cultivate 17,500 acres of flax. Even the fields of sugar cane help build the Ford car, for they furnish the 2,500,000 gallons of molasses from which come solvents, anti-freeze and shock absorber fluids, and it will take 12,500 acres of sugar cane for that. Growers of the castor bean will supply 240,000 pounds of castor oil for lacquers and artificial leather.

The trees make their contribution. The Ford company will need 112,000,000 feet of lumber, mostly for packing purposes, and 5,000,000 feet of paper board, and that provides a market for 20,500 acres of timber.

This is only to mention the ordinary materials. But this will indicate how great a farm market the Ford Motor company is. The motor car is not a kingdom in itself; it must buy something of nearly everything that is grown on the farm and that is made in other industries—for, of course, most of the products named here reach the factory after much labor has been spent on them in other industries. The motor car is a good customer of everybody. The farmer helps to build motor cars, just as the motor manufacturer helps to make farming more efficient and convenient. They help each other and that helps the country.

**A U T H O R I Z E D F O R D D E A L E R S
O F T H E S O U T H W E S T**

The art of being human

FROM a woman motorist comes one of our most cherished bouquets.

"Last Saturday," she writes, "I was driving through open country and a tire blew out. It was miles to the nearest garage. There was no place I could go for help.

"Cars came by—several of them. But not one stopped—until one of your big tank trucks came along. Before I so much as raised a finger, the driver saw my predicament, jumped down, and offered to help.

"In just a few minutes, he had

changed the tire—and had driven off followed by my gratitude. I call that a pretty courteous and neighborly gesture for an employee of a big and busy company!"

We value this letter because, like many of its kind, it is proof that an old-established policy of this company has borne fruit. That policy is this . . . courtesy to patrons is as vital as quality of product.

The five thousand men who drive Gulf tank trucks are schooled to observe certain rules of the road which

are nothing more or less than common courtesy. If you drive toward a Gulf tank truck, the driver will give you all the road the truck allows. If you approach one from behind, you'll be given ample room to pass—quickly, before you wear out your horn or your temper. And if you break down on the road, there is a chance that your first offer of help will come from the driver of a Gulf tank truck.

Gulf is proud to have grown big. But it is even prouder of staying human.

For many a year Rice Institute and the Warwick have been neighbors and friends, both ever ready to lend a helping hand to the other. We of the Warwick keenly regret the passing of each Senior Class, yet with almost equal keenness do we anticipate the coming of a new flock of friends. It is our sincerest neighborly wish that we may have added a bit of gaiety or convenience to your college life.

WHAT AFTER RICE?

Let Massey introduce you to an office position in keeping with your educational background. We do not promise to make of you a business executive; but we will train you for and place you in, a starting position where your talents and education will open to you opportunities without limit.

We are receiving constantly more calls from employers for Rice graduates with business training than we have available to fill the very desirable office positions open to them.

We invite your investigation of our record in starting Rice graduates on the road to success.

CAMPANILE ADVERTISERS

ITS HOW YOU DO IT!

It is not what you read or what you hear that counts most in advertising, but how YOU use it!

Behind every product of merit there should be a basic idea—that actually sells. And this basic idea should be presented in a way that moves human emotions—moves people to buy.

When you do this, sales increase, advertising brings genuine returns. This Agency has helped some of its clients grow from birth of a product to national leadership by the use of this principle.

IN APPRECIATION

Because of the largemindedness of its board of directors, the place given in its curricula to pure science, and its high interpretation of its obligation to business . . . we hold the Rice Institute in high regard.

Especially, because we hold to similar ideals, do we appreciate the contribution of pure science and engineering principles which Rice Institute makes to the practical business of producing rotary drilling tools.

EXAMINATION QUESTIONS

1. What should be a College man's first investment?
2. How can a College man create an immediate estate of \$10,000 by paying only 1½% annual interest?
3. Name an investment that can be bought on the instalment plan and mature for its full value whether the buyer lives or dies?
4. What type of investment best meets the following tests:
(a) Safety? (b) Liquidity? (c) Guaranteed market value? (d) Regularity of deposits? (e) Fair return?
5. What investment requires health and character ahead of money?
6. What investment has been worth 100 cents on the dollar all through the depression?

The UNION CENTRAL LIFE INSURANCE COMPANY of Cincinnati, Ohio, has given a good answer to these questions for nearly three quarters of a century. Tested by wars, epidemics, and panics, it has fulfilled every obligation promptly, paying out over six hundred million dollars to its policyholders and their beneficiaries.

You are invited to visit us and discuss life insurance as an investment, or life insurance as a career. The UNION CENTRAL is glad to pay its respects to W. H. Winn, leading representative of the Houston Office and a graduate of The Rice Institute, class of 1923.

FIDELITY TO IDEALS

The Alamo! It was here that a gallant few, the bravest of the brave, redeemed their pledge to Texas with the forfeit of their lives—they fell the chosen sacrifice to Texan freedom. Spirits of the mighty had fallen; but their memory brightens the page of Texas history and they are hailed as founders of new institutions, and the patterns of illustrious action.

In Texas today, in every field of industry, commerce and art, Texans

are carrying on in the spirit and fidelity to ideals of their brave predecessors. A school annual designed and engraved by Southwestern Engraving Company craftsmen is produced in the same manner true to ideals of high quality in the art of designing and engraving.

It is our pledge to give Texas schools our truest and finest efforts in the creation of their annuals. We are proud to say that this annual is a production of Southwestern craftsmen.
